SOCIETY WOMAN FIGHTS
DESPERATE BATTLE WITH
VICIOUS BULL TERRIERSWashington Belle Declines President Taft's
Invitation to Ride in Automobile; Dorothy
Deacon to Wed Prince Radziwill

SAN MATEO, June 21.—Mrs. Bertha Spiegel Allen, wife of Dr. P. V. Allen, and a leader in local social circles, was attacked at her home yesterday by five Boston bull terriers, belonging to her husband, and so seriously injured that her condition is regarded as exceedingly grave. Her right hand and forearm were bitten and torn, the flesh was ripped from her shoulder, and her limbs and body were severely lacerated. Mrs. Allen fought single handed against the dogs. She was at home alone at the time and none of the neighbors heard her cries for help. After beating the animals back with a fence rail, she staggered to the house and fell fainting across the doorway.

Dr. Allen is one of the best known dog fanciers about the bay and his Boston terriers have been frequent prize winners. The thoroughbreds are kept in the rear of the Allen residence at 115 Griffith avenue. At no time before have they given evidence of such ferocity as they displayed yesterday afternoon.

While Mrs. Allen was busily engaged in her home she heard the dogs snarling without, and going to investigate found all five in a free for all fight. Running into their midst she picked up two of the struggling brutes and pulled them away from their belligerent fellows. As she turned one of the terriers rushed upon her, the others quickly following, and in a moment she found herself the object of attack of the whole five.

The terriers are among the best of their kind in the state. Miss Jennie Crocker has been negotiating for one of the animals.

Goldfield Woman Tries to Commit Suicide

RENO, Nev., June 21.—While Mrs. Scott, a fellow occupant of her family home, was preparing the evening meal last night, Mrs. J. K. Turner, wife of Consulting Engineer Turner of Goldfield and representative for A. D. Myers, shot herself with suicidal intent and is now lingering between life and death. It is believed her act will prove fatal, or, if not, she will be paralyzed, as the bullet passed through her left breast, penetrating the apex of the lung and through the shoulder. It severed the main artery of the left arm.

Her husband is in Ely, and it was observed that just before she fired the two shots which were intended should end her life, she had been reading some letter just received. Its contents or the writer is not known as she destroyed it and then secured the revolver.

Mrs. Scott rushed into the room and found the would-be suicide faint from the loss of blood and stretched over an armchair. Mrs. Turner had been out shopping during the afternoon and appeared to be in the best of spirits until she read the letter.

Young Woman Declines Ride With Taft

WASHINGTON, June 21.—That "an invitation from the President is equivalent to a command" was disproved by a young woman Sunday afternoon when Mr. Taft invited her to take a ride in his automobile. The President, however, did not feel that he had suffered a rebuff, as the invitation had been extended merely in a desire to assist.

Accompanied by his aide, Captain Butt, the President was taking a spin

SANE FOURTH LAW
BIG BOMBSHELL

Attempt to Defeat Ordinance
at Final Reading Creates
Excitement in Council.

A tired City Council, wearied by a two hours' discussion of an ordinance granting the Key Route Company a franchise, was thrown into confusion last night at 11:30 o'clock when the ordinance providing for a sane Fourth of July and the entire elimination of the crackers and explosives of all kinds on that day, was to all appearances beaten by a tie vote on its final consideration at the second reading.

The explosion of a bomb of this kind when the law has been enacted, is a thing of which the council members are not fond. The ordinance was passed by a vote of 10 to 10, with the council members split evenly on the matter.

The ordinance was then tied to a stake and after a long and high pitched argument the council members were split evenly on the matter. The ordinance was then tied to a stake and after a long and high pitched argument the council members were split evenly on the matter.

There was a general cry for recognition by the chair. Councilman Bacon shouted that the ordinance was defeated. Elliott demanded that it be passed. Elliott declared that Everhart should be sent for and brought back to the council chamber.

Finally President Pendleton drew order out of chaos and called were sent broadcast for Councilman Everhart. When finally called to the telephone the sleepy councilman frantically declared that if he were brought back to the council chamber he would vote "no" on the ordinance.

Again confusion reigned, but Everhart was sent for.

COUNCILMAN IN PAJAMAS.

Everhart lives near the Berkeley line of College avenue. and it was not until 1:30 o'clock that he finally stumbled into the council chamber, garbed in his pajamas, trousers, slippers and an overcoat.

He rushed to the center of the council chamber and delivered a speech equal to none ever heard in the council.

"I plead for the boy," he said. "I want my boy to be a soldier. I can look back on the Fourth of July when I would burn my right hand to a blister and then, the next day, the hand in a sling, fight with my left hand and my boy who claimed that his burn was bigger than mine."

"I plead for the boy," again he said. "I want an amendment to this ordinance granting the use of firecrackers three inches long."

In the confusion that existed all con-

NEGRO MURDERER
BURNED AT STAKE

Slayer of Young White Woman
Taken From Sheriff by Mob
and Tortured.

RUSK, Tex., June 21.—Bonardo Johnson, a negro, charged with killing Miss Maud Redding, a young white woman, yesterday, was burned at the stake by a mob last night.

Sheriff Woodward and a posse were en route with the prisoner when they were overpowered by a mob at Lone Star, near the home of the murdered woman.

Securing the negro, who was pleading for his life, the mob, composed of more than 100 men and boys, dragged him a short distance from the town. There, it is stated, he confessed he had murdered Miss Redding.

The negro was then tied to a stake and after a long and high pitched argument the council members were split evenly on the matter. The ordinance was then tied to a stake and after a long and high pitched argument the council members were split evenly on the matter.

There was a general cry for recognition by the chair. Councilman Bacon shouted that the ordinance was defeated. Elliott demanded that it be passed. Elliott declared that Everhart should be sent for and brought back to the council chamber.

Finally President Pendleton drew order out of chaos and called were sent broadcast for Councilman Everhart. When finally called to the telephone the sleepy councilman frantically declared that if he were brought back to the council chamber he would vote "no" on the ordinance.

Again confusion reigned, but Everhart was sent for.

"I plead for the boy," again he said. "I want an amendment to this ordinance granting the use of firecrackers three inches long."

In the confusion that existed all con-

sideration of Everhart's amendment was forgotten. The clerk called the roll and the original ordinance. Everhart refused to vote, the tie still remained. Pendleton refused to announce the result of the vote.

Everhart's name was called again and again. Repeatedly he refused to vote. The other ten councilmen held their breath. Not a sound could be heard. Again Everhart's name was called. He edged toward the door of the council chamber.

"Everhart," rang out clerk Thompson's voice.

"Aye," answered the councilman, and without looking up he went out the door. Councilmen Bacon, Stricker, Voss, Chabladick and McGregor voted no. Thus the firecracker ordinance was saved.

VICTIM OF JEALOUS
HUSBAND IS DEAD

Mrs. Emma Johnson Succumbs
to Pistol Wound of a
Week Ago.

After lingering for more than a week in semi-consciousness at the Providence Hospital, Mrs. Emma Johnson, the colored woman who was shot by her husband, Frank E. Johnson, when she refused to return with him to their home in Los Angeles, died at 5:30 o'clock this morning.

Johnson, who after shooting his wife, turned the revolver on himself, was known at the woman's death, and had traced her to a house at 1317 Seventh street, where the double tragedy occurred.

COMEDIAN'S WIFE FINDS
FOOTLIGHT FAVORITE IS
NOT AN IDEAL HUSBANDOakland Girl Who Lost Her Heart to
Black-Face Star Now Asks Court
To Sever Bond

Winsome Henrietta Keller lost her romantic heart to Al Johnson, the celebrated blackface comedian, recently the leading attraction at Hammerstein's New York vaudeville theater, and they were married in Oakland September 20, 1907.

For a brief period the actor's non-professional wife was supremely happy with her minstrel husband. Traveling about the country in the halo of Johnson's popularity was a honeymoon both alluring and delightful to the Oakland girl, but just as she was at the pinnacle of bliss and thought marriage was going to be a perpetual honeymoon there came the first domestic crash. This led to frequent rows and finally the divorce proceedings which Mrs. Johnson has just instituted here.

Mrs. Johnson says that her husband earns \$350 a week, and that he is employed about three-fourths of the time. She asks for \$100 a week alimony, \$200 for attorney's fees and \$75 for costs of suit. She also claims that Johnson has \$5000 on deposit in Eastern banks and \$1000 in the First National Bank of this city, all of which is community property, and upon her representation that her husband was likely to remove the money beyond her reach Superior Judge Harris has issued an injunction restraining Johnson from touching the money pending the outcome of the divorce action.

The specific ground upon which Mrs. Johnson is suing for a divorce is extreme cruelty. She says that Johnson has frequently struck her in the face during quarrels, and that while traveling about the country with him the actor has left her entirely alone among strangers on trains and at hotels.

Many times Johnson has told his wife, the latter alleges, that he wished he had never married her and that he was drunk when he vowed to love, cherish and protect her. His wife also charges that Johnson very frequently called her a blockhead and said she was ignorant and a regular "know-nothing." One of his pet phrases was, "Of all the pests I ever saw you are the worst one," and Mrs. Johnson alleges that it was her husband's usual habit when in the room to answer her by swearing at her and telling her to leave him alone. In addition to this he has often told her that he would break her neck or "knock her block off," and not infrequently, it is charged, he kicked Mrs. Johnson in his anger.

Files Sealed Complaint for Divorce

Sarah B. Bird has filed a sealed complaint in the Superior Court for a divorce from William A. Bird, alleging extreme cruelty. Bird is a carpenter by occupation.

Woman Wants Alimony Increased

SAN FRANCISCO, June 21.—Mrs. Katherine Myers, a telephone operator, who was given an interdictory decree of divorce March 24, 1909, this morning asked for an increase over the allowance of \$10 granted her for the support of her child at the time. She declares she earns \$30 a month, and that as she has to leave the child with her sister during the day, the money is not sufficient. Her former husband is a bookkeeper, and in receipt of \$100 monthly.

Regular Beating Proved Wearisome

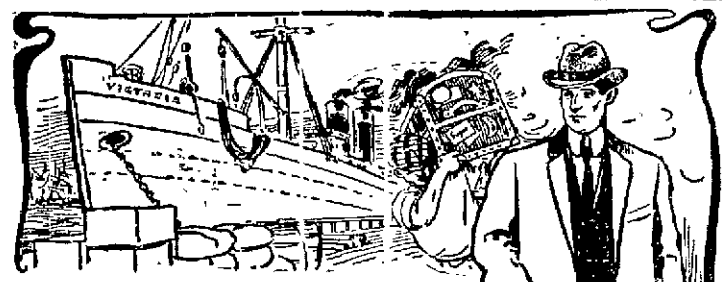

SAN FRANCISCO, June 21.—When Albert D. Linden struck his wife, Etta, regularly twice a week, according to her testimony in Judge Cabanis' court this morning, she was greatly pained, and suffered much mental anguish but did not determine on drastic action. When, however, he fired a shot at her and the bullet grazed her dress, she thought things had gone a little too far. The court agreed with her, and she was granted a decree after her sister had corroborated her testimony.

Injured in Tussle
He Wants Damages

Adolph Radtke and C. Dourneau got into an altercation one day last May and the result was a rough-and-tumble fight in which Dourneau was badly worsted. Now he wants the Superior Court to compel Radtke to pay him \$5000 damages for the injuries he sustained. The suit was filed late yesterday afternoon. Dourneau charges that Radtke fractured several of his ribs and of grievous hurt so badly that he is a permanent cripple.

Loses Deeds and \$60
To Bold Pickpocket

SAN FRANCISCO, June 21.—Ede Ingman, who lives on the East front in Berkeley, making a tour of the Barbary Coast last evening, and today complained to a police officer that he had been robbed of two valuable deeds and \$60 in cash. The theft was the work of a pickpocket, and Ingman is unable to tell just when or where his valuables were lost.

ALL READY TO START
WORK ON WATERFRONTMayor Mott Says as Soon as the Bonds
Are Sold and Property Paid For Con-
struction Gangs Will Start Work

The affirmative action taken by the Council last night regarding the granting of a franchise to the Key Route on the western waterfront facilities is the starting of the municipal water front improvements in that quarter," said Mayor Mott in an interview this morning.

"Everything is now in a fair way," he continued, "to go ahead with all of the improvements along the waterfront front. Bids for the construction of the Livingstone-street wharf are now being advertised. As soon as the time expires for the submission of bids contracts will be awarded and the work of building the wharf proceeded with at once. We are looking for the steel erectors to be put here from the eastern manufacturing centers today. As soon as these are delivered we will have money to pay for the properties along the southern waterfront. We have options on all except two or three pieces, but we cannot begin work until the land needed is paid for and the title vested in the city. When we come into possession we will proceed without delay to invite proposals for the work from contractors and award the contracts."

"What work remains to be done, Mr. Mayor, on the Twelfth-street dam?" was asked.

The west end of the dam and Twelfth street from Fallon to Oak is being raised so that the Oak-street crossing will be reached on an easy grade," replied the Mayor. "Mr. Adams made some objection because it elevated the street above a

part of the block he owns on the north side of Twelfth street, between Fallon and Oak; but he has practically given his consent and we are going ahead with the work. The bill on the eastern part of the dam has been completed and is practically well settled. That section of the dam will be paved this summer with a standard asphalt pavement. The southern half is now being laid. It will take some time for that section, while that is in progress, we will have to cover it with a temporary macadam pavement to accommodate traffic."

Yesterday two Chinese, Ah Quon and Ah Young, were taken into custody and booked on vagrancy charges. The arrests were made far apart, by different officers and had no relation to each other.

Ah Quon was arrested by Policeman Brock at East Fourteenth street and Twenty-third avenue. Ah Young was taken into custody by Officers Keeney, Flynn and Stebbins at Ninth and Franklin streets. Neither of the Chinamen could give his residence or means of livelihood.

Clearance Sale
DRAWS CROWD

Public confidence in our values was thoroughly demonstrated by the crowd of shoppers brought to our store by the announcement of our SEMI-ANNUAL CLEARANCE SALE. We expect to continue this sale for several days, but the early shoppers will naturally have the advantage.

the Big Fight**

(Continued from Page 1)

fight, but hope that you have chosen
wisely. We'll all be here for the big
mill."

VIEWS ARENA SITES.

After making his announcement Rick-
ard said the next thing he intended to
do was to "chew something" forthwith
he adjourned to a cafe and tackled a
huge order of ham and eggs.

Later on Rickard, accompanied by A.
J. Aylesworth, W. O. Thomas and C. A.
Stout of the Reno fight committee, drove
about town looking over sites for an
arena.

Three desirable locations were pointed
out to the promoter. One was the site
of the arena used several years ago for
the Hart-Root contest, another was a
business property known as the Terry
site, and the third was the enclosure of
the State Insane Asylum.

All are conveniently located and within
a distance of one-half to a mile of the
heart of the city.

JOHNSON WORKS IN GYM.

SAN FRANCISCO, June 21.—John-
son, standing the preparations which are
being made to remove his camp to Reno,
Jack Johnson did his regular work to-
day. A large part of the morning was
occupied by a brisk trot over the sand
hills, followed by a plunge in the ocean.
After lunch Johnson called his sparring
partners and spent the afternoon in box-
ing and gymnasium work. Johnson has
decided to move to Reno not later than
Thursday.

PETITION FOR FIGHT.

At noon today Tom Dillon, a local
business man, who is circulating a peti-
tion requesting Governor Gillett to
restrain his action forbidding the Jeffries-
Johnson fight in this city, stated that 20,
000 business men had signed the petition.
A committee will make plans for sending
the petition to Sacramento. Dillon said
that the request is made purely on the
grounds that the city will suffer commer-
cially if the fight is taken else-
where.

Plan to Test Fight Law Is Posed

SAN FRANCISCO, June 21.—Attor-
ney George Appell, following his con-
ference at noon today with Louis Diot
and Attorney Cleveland Dam, an-
nounced that the Kaurna-Langford
contest had been postponed without
date.

"We announced on Saturday," said
Appell, "that the fight would be put
over one week. We have now decided
to postpone it indefinitely, and there
will be no court proceedings."

"Doesn't that mean that the bout
has been declared off altogether?" he
was asked.

"No, it may be put on a some fu-
ture date, but when or where we do
not know and there will be no further
steps taken, at present at any rate,
in the matter of testing the law on
the subject."

Jeffries and those of his assistants who
had not already departed boarded the
1:47 o'clock train for Oakland, where
the party will stay until 9 o'clock to-
night, when the start for Reno will be
made.

As a finishing touch to the big fellow's
stay here he worked for an hour and ten
minutes in the gymnasium this morning
and it was the fastest and swiftest per-
formance made since he began to get into
condition.

Jeffries feels that he has worked him-
self into fine shape in the mornings and
expressed great confidence that he would
fight no matter where the contest may
be held.

SPECIAL TRAINS CAN BE HELD.

NEW YORK, June 21.—Since the an-
nouncement was first made by Governor
Gillett that the Jeffries-Johnson fight
could not take place in California, many
special trains planned for the benefit of
New Yorkers have been abandoned and
the fragments of all these abandoned
specials will be gathered together, mak-
ing it probable that only one special
train will be sent to the fight.

According to the plans given to-
day, this train will go first to San Fran-
cisco, leaving there for Reno on the
night of July 3, arriving early on the
morning of the 4th. The train will leave
there immediately after the fight.

FREIGHT RATES IN CONTROVERSY

**Los Angeles Would Like to
Grab Territory Held by
San Francisco.**

SAN FRANCISCO, June 21.—The State
Railroad Commission is in session in the
board rooms of the harbor commission
in the ferry building today and the rep-
resentatives of San Francisco, Stockton
and Los Angeles interests are giving tes-
timony in support of their views regard-
ing the present railroad tariffs.

The Los Angeles jobbers represented by
Traffic Manager E. P. Gregson, and Kus-
ter, Leach & Leach, attorneys, are endeav-
oring to have the freight rates cut to a
figure that will mean as cheap rates
as the Texas road pass as those in effect
on the level from San Francisco.

In this move the San Francisco Mer-
chants' Exchange, represented by Seth
Allen and William B. Wheeler, seem to
see an effort on the part of the southern
jobbers to take from San Francisco the
trade from the San Joaquin valley which
it now enjoys.

Stockton also has a delegation present
at the meeting in an effort to be heard
in the matter of the freight rates.

The Southern Pacific and Santa Fe
railroads are taking the side of San Fran-
cisco, and their representatives declare
that the rate to Los Angeles is fixed by
the physical conditions. They also say
that the Stockton rate is determined by
the water competition.

So far the commission has shown no
disposition to change the freight tariffs
of the state.

Desperate Battle Proves Only a Dream

**Captain of Detectives Petersen
Relates Thrilling Tale of a
Fight with Burglar.**

Captain of Detectives Petersen elec-
trified members of the Oakland police
department this morning with the story
of his daring capture of a burglar in the
St. Nicolai apartment house at Sixteenth
and Clay streets. After a struggle in
which the captain dynamited a safe in
which the burglar had concealed himself.
The account of the pursuit and capture
of the man and of the struggle to return
him to the City Hall was told with
sensational details, and the officers
listened with amazement to the captain's
re-tell.

"Then I woke up," said Captain Peter-
sen, "in explanation of the vivid dream I
had had, which was so real that I al-
most believed it must have actually
occurred. Captain Petersen says he came
to when a screen standing between his
bed and the window was blown over on
him."

ARREST OF LEADER OF OPIUM RING

**Last of Band of Smugglers Is
Rounded Up by Customs
Officers.**

LOS ANGELES, June 21.—With the
capture of John Guzman near Santa Ana
yesterday following the arrest in San
Francisco several days ago of Little Hall,
the "Queen of Smugglers," officials of
the United States customs service believe
they have given the finishing blow to
the largest ring of smugglers that has
operated in this country in many years.

BAND ROUNDED UP.

Among the leaders of the smugglers
"Chick" Wallace, alias John Oliver T. J.
Murphy and M. L. Harris are in prison.
Gregorio Epifanio was shot to death by
government agents near El Toro and a
number of lesser offenders have been
landed in various jails. Only one per-
son who is regarded as among the chiefs
of the gang is still at large, Lashley Sam,
an Americanized Chinese, and he cannot
be reached. For years, it is said, Lashley
Sam has been directing at Hong Kong
the shipping of Chinese and opium to the
United States.

METHOD OF SMUGGLERS.

The smugglers operated from unfre-
quented ports in China, sending small
vessels to Mexican ports. There the
Chinese and opium were loaded upon
freight cars and conveyed to the Ameri-
can border. Customs officials say that
the ring has sent into the United States
an average of 15 Chinese a month.

NOGALES AS HEADQUARTERS.

NOGALES, Ariz., June 21.—Customs of-
ficials have discovered that the head-
quarters of the opium smuggling opera-
tions have been transferred from El
Paso, where numerous arrests have been
made recently, to this point. Opium is
sent out of Mexico in bond through the
railyards by way of El Paso and back into
Mexico at this point, where it is being
the fact that there are few customs here
it is easier to get it over the line and
out to California for disposal.

MURDERED MAN'S BODY IN TRUNK

**Wife and Male Companion Are
Jailed, But Deny Complicity
in the Crime.**

(Continued from Page 1)

get any satisfactory statement from
Webb.

WORKED IN VANCOUVER.

VANCOUVER, B. C., June 21.—Jesse P.
Webb, held in Portland for the murder
of W. A. Johnson, was employed as a
printer at a job office here until three
months ago, when he left town. He is
an expert printer, but one of the union
officials know anything of his history.

PORTLAND, June 21.—Mrs. M. E. Gar-
retson, the woman who was killed with
Samuel Elmore, was the wife of a travel-
ing man for a Chicago house, who main-
tained his headquarters at Spokane.

Mrs. Garretson has been living in Port-
land in sumptuous style for some time.
Shortly after Samuel Elmore and his
family went to Southern California for
a vacation, Mrs. Garretson moved into
her apartment in Portland and fol-
lowed the Elmores.

The woman had a large number of
friends here and spent most of her time
automobileing in and around Portland.

**Woman Confesses She
Had Two Affinities**

PORTLAND, Ore., June 21.—The woman
who is held as Mrs. W. A. Johnson,
supposed wife of the man who was killed
last Tuesday at the New Grand Central
Hotel, confessed to the police today
that she was not Mrs. Johnson. She said
that she was Mrs. D. W. Kerch, the wife of an
employee of the city of Seattle named Bert
Kerch. She says she eloped with Webb
a year ago.

She agreed to leave Webb, going with
Johnson to Seattle, she says, and they
boarded the train at Spokane. Sunday
last, at the New Grand Central Hotel,
she did not know Webb was on the
train, she alleges, until they all got
into the hotel bus. The hotel register
shows that Webb registered as "Powers"
and that Johnson and the woman regis-
tered as man and wife. Mrs. Kerch says
she knows nothing of the murder.

According to her story the two men
watched up their differences and began
fighting. In the afternoon, she says,
Johnson went to his room to sleep on

WORKMEN ESCAPE RUSH OF DEATH

**Flee From Danger Just as Big
Retaining Wall
Collapses.**

(Continued from Page 1)

ALAMEDA, June 21.—The lives of ten
workmen were endangered at noon today,
when the concrete building being erected
by G. W. Emmons on the south shore,
just east of the Bonanza Light Club, col-
lapsed, releasing all of the filling which
had been pumped inside it. A big strain-
ing wall by the dredger, which has been
at work since May 20,
Ten men were working near the wall
and only escaped when they saw it about
to give way. The arrangement of the
center gate is believed to be responsible
for the breach.

The work was nearly completed when
the wall collapsed today. Emmons is re-
claiming a large area of beach land on
which to build several handsome resi-
dences. The wall was built in the form
of a half-circle and was used out across
the beach from two projecting points of
the bluff.

**Man's Household Goods
Sold During Absence**

SAN FRANCISCO, June 21.—If
John T. Whelless, superintendent of the
Guggenheim smelter, living at
914 Capp street, had remained in
Guerneville on his vacation a day
longer he would have returned to an
empty house, and to find that all of
his personal belongings and those of
his family had been sold and carted
off by burglars.

The effects of the liquor and she and
Webb devoted their time to packing
Johnson's trunk, he having announced
that he was going to Seattle last night.
After the trunk was packed she took
her little boy Willie to another hotel and
remained there until 10 o'clock last night,
when Webb called for her in an automo-
bile and they went for a joy ride. She
says she supposed Johnson had gone to
Seattle. The youngster told the police
this afternoon that his father (Webb) and
Johnson had a serious quarrel yes-
terday afternoon and that he was for-
bidden to enter the room occupied by
Johnson because the latter was "sick."

So far as the police can ascertain there
is no Mrs. Johnson. Who May Webb
later is has not been explained though it
is believed that Mrs. Kerch and May
Webster are one and the same.
The police have definitely ascertained
that Webb is a victim of the chloral
habit. Webb has been in the examination
room and told many conflicting stories.

BUTCHERS ENDORSE THE CANDIDACY OF J. W. MOTT

TO WHOM IT MAY CONCERN: OAKLAND, Cal., June 16, 1912.
Recognizing the fact that the Hon.
John W. Mott has always been a tried and
loyal friend of this Exchange;

That he has in all his public acts as an official shown himself to be a
staunch and loyal friend of our Exchange; therefore, in consideration of
these facts be it

Resolved, That the Butchers' Exchange of Alameda county hereby en-
dorses the Honorable John W. Mott for recorder of Alameda county; and be it further

Resolved, That the Exchange will use all honorable means to secure
his election.

F. H. NEVIN,
President

Attest: A. W. ANSELME,
Secretary

DRUIDS NOMINATE GRAND OFFICERS

**C. O. Dunbar of Santa Rosa
Will Be Chosen Head of
Order in California.**

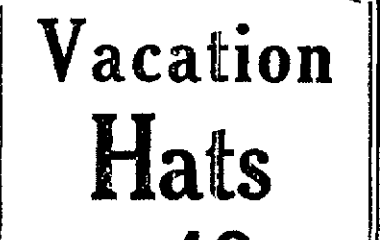

SAN JOSE, June 21.—At the morning
session today of the Grand Chapter, U. G.
A. O. of California, the following nomi-
nations for officers were made: Noble
grand arch, C. O. Dunbar of Santa Rosa,
the present deputy grand arch; deputy
grand arch, Walter Gallagher of San
Francisco; S. C. Wright of San Luis
Obispo; Richard Harter of San Fran-
cisco; John L. Polito and Percie Coburn;
grand secretary, C. A. Gargallo of San
Francisco; grand treasurer, Eugene
Padenasco of San Francisco; grand
marshal Joseph Lawrence of San Jose;
grand herald, J. A. McManus of San
Francisco and A. M. Waller of San Fran-
cisco; grand guard, James Gospodnetich
of Los Angeles; B. A. Capogorno of Oak-
land and L. Lee.

This afternoon the grand group joined
with the grand circle in memorial ser-
vices for departed members.

Three officers are contending for the next
annual meeting—Los Angeles, Jackson
and Berkeley, and the contest is already
heating up.

CROP SCARE HITS COUNTRY EARLY

Unusual Hot and Dry Spell Is Causing Apprehension Among Farmers.

ST. PAUL, June 21.—The annual crop scare has arrived a month early this year, owing to an unusual hot and dry spell in Minnesota, North and South Dakota. While the conditions are not desperate, unless a soaking rain comes soon, wheat, barley and flax will suffer. Reports received here are:

Winona, Minn.—Barley crop will suffer a loss of 25 percent and others in proportion.

Redwood Falls, Minn.—Crops looking well, particularly corn.

Barnesville, Minn.—All crops particularly corn, doing well, local rains.

Pogus Falls, Minn.—Grain stands well but rain will soon be needed.

Aberdeen, S. D.—Conditions discouraging, oats and flax are leading out, about June 15.

Fankler, S. D.—A wave of hot and dry weather has followed a week of rain. Corn in good shape.

Sioux Falls, S. D.—Rain is badly needed, but crops in good condition.

Williston, N. D.—Plenty of rain during the last week, millions of bushels of wheat, but conditions poor but not indicating a failure.

Grand Forks, N. D.—Showers in various sections helped some but soaking rains are needed.

Woman Seeks Divorce From Stingy Husband

SAN FRANCISCO, June 21.—What would you think of a man who had \$100 in his pocket and yet refused to give anything to his wife? That is the case of a woman who is seeking a divorce from her husband, who is alleged to be a miser.

The wife told the court that she had had 15 cents in 12 years. Her husband, Peter Casaux, is said to be a miser. The wife told the court that she had had 15 cents in 12 years. Her husband, Peter Casaux, is said to be a miser. The wife told the court that she had had 15 cents in 12 years. Her husband, Peter Casaux, is said to be a miser.

CHECK PASSER FACES TRIAL

SACRAMENTO, June 21.—Governor Gillett yesterday issued a requisition on the governor of Oregon for the return to San Francisco of Kenneth Paul, of Eugene, who is wanted for passing a worthless check on W. W. Wiley for \$127.25 on the California National Bank.

HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces athlete's foot. Never use a comb or brush belonging to someone else. No matter how clean the owner may be, these articles will infect your scalp. It is far better to catch hair microbes than it is to rid of them; and a single stroke of an infected comb or brush will lead to dandruff. Many a husband has his wife's hair catch a hair microbe from his hat. Many a husband has his wife's hair catch a hair microbe from his hat.

"Human Fly" Plunges Three Stories to Death

LOS ANGELES, June 21.—While giving an exhibition of his ability to cling to the side of a building as a fly does, a man named Charles Miller, a "steepclember," fell three stories yesterday and was fatally injured.

He alighted on the pavement on his head and his skull was fractured. He was taken to the hospital and died about 10 o'clock.

Swindler Is Caught After Long Chase

SAN DIEGO, June 21.—Captain Shopper of the local police force brings San Diego for St. Paul, Minn., to bring back a man named Charles Miller, a "steepclember," who is wanted in connection with the robbery of a German millionaire man in St. Paul.

A alleged crime was committed about a month ago and consisted of a man named Charles Miller, a "steepclember," who is wanted in connection with the robbery of a German millionaire man in St. Paul.

Banker Cooke, New Director of Mints

KANSAS CITY, June 21.—It was announced yesterday that Thornton Cooke of the Fidelity Trust Company of Kansas City has been offered the position of director of the mint by President Taft. Mr. Cooke has been offered the position of director of the mint by President Taft.

KEY ROUTE GRANTED WESTERN WATERFRONT PERMIT BY COUNCIL

Given Franchise to Construct Tracks, Shops, Docks and Ferry Slips on Frontage of 1000 Feet Beginning From Low Tide Line Parallel With Present Pier

The San Francisco, Oakland and San Jose Railroad was granted a fifty-year franchise by the City Council last night for 1000-foot railroad facilities on the western waterfront front running parallel with the present pier of the company and extending into the bay to the western point of the pier.

The ordinance granting such franchise was finally passed after more than two hours' discussion, in which the representatives of the Oakland Chamber of Commerce and the California Rivers and Harbors committee took an active part. E. M. Gibson of the rivers and harbors committee, J. F. Flynn, consulting engineer of the Chamber of Commerce, and James P. Montgomery made arguments against the granting of the franchise, claiming that in giving the privilege in question to the Key Route Company the city was not only granting "the greatest heritage the people have," but was blocking progress in improvement on the waterfront for which the people have voted \$500,000 in bonds.

PLEA FOR PRIVILEGE.

Following the discussion as to when the Key Route would make use of the new franchise and when permission from the war department to fill in the proposed pier in accordance with the plans submitted in the franchise would be secured, Councilmen Elliott and Stiefvater entered a joint resolution to the effect that the board of public works be instructed to engage actively in requesting the federal government to grant to the Key Route Company the privilege of filling in the proposed pier in accordance with the plans submitted in the franchise would be secured.

The resolution was unanimously adopted and improvement on the western waterfront will begin soon. It was proposed last night that at least nine days would be needed to obtain the permission of the Secretary of War to fill in the proposed mole and also move the government bulkhead line 2000 feet from the low tide line according to the plan of the city for waterfront improvement between the pier of the Key Route and the Southern Pacific mole.

When the matter of the franchise came up the clerk of the Council was instructed to read the ordinance with the many amendments that had been made to it.

"JOKERS" ARE DISCOVERED.

Several so-called "jokers" were discovered by the councilmen, one, the most important of which, according to Councilman Stiefvater, was the paragraph in which it was set forth that the city should quit any claim to the land shoreward from the low tide line, now claimed by the Key Route Company.

"You cannot blame the company for inserting these paragraphs," said Stiefvater, "but you can blame the city for not finding them out before they were incorporated in the ordinance."

"I seem to be a case of 'heads I win, tails you lose' in this matter. We claim the wharfing-out privileges from our pier to the low tide line, but you gentlemen assume that because of an interlocking decree of the Circuit Court of Appeals we lose these privileges. You are right, we are giving everything and getting nothing from you."

NO GENERAL PLAN.

Another so-called "joker" in the franchise ordinance discovered last night was the one in which it was set forth that the plan of the Key Route Company to extend the pier to the low tide line was a "general plan drawn up by the city for improvement on the waterfront."

Councilman Elliott jumped to his feet at the reading of this portion of the ordinance.

"We have no general plan," he said, "no plan of improvement on the waterfront has ever been adopted by this Council. Why was that inserted there, Mr. Eng?"

"I was inserted to comply with the charter of the city of Oakland," answered Attorney Eng. "Amendment No. 31 of the charter provides that this must be embodied in the application of a franchise in a section where improvement by the city is proposed."

An argument followed as a result of which Councilman Stiefvater moved that the section be made to read "most convenient to general plans of future improvement, as adopted by the Council."

To this Eng objected, as he said it would make the franchise to the Key Route a mere waste paper, as the company did not know what general plans were to be adopted.

Councilman Elliott interposed that the franchise should be granted on its merits, the councilmen knowing what improvement the Key Route proposed and that that improvement was approved by the board of public works, which would plan above the railroad.

On the reading of Councilman Elliott's amendment to the effect that the Key Route Department for permission to the granting of the franchise until after the war department has passed on the matter of granting permission to the company to carry out its present plan," said Elliott.

"I do not see why it would," answered Eng. "We are ready to go ahead at any time and we feel that with the franchise we will take another step toward the accomplishment of the improvement we plan."

"I cannot understand why the people of this city look with such suspicion on the Realty Syndicate, Key Route and Oakland Traction Company. It is certain that these companies and the people have of them have done everything possible for Oakland and have never been found to act in bad faith at any time."

URGES THE FRANCHISE.

Councilman Stiefvater interposed at this point with the statement that the argument was unnecessary in his belief. He said:

"The wharves and waterfront committee of this Council has gone over and over this matter for months. We have thrashed it back and forth and used a fine tooth comb on it. We believe that the granting of the franchise is for the best interests of the people of Oakland."

The ordinance was then put to a vote and passed unanimously. A vote of 10-0 was recorded in favor of the granting of the franchise to the Key Route Company.

The San Francisco, Oakland and San Jose Railroad now has a franchise to construct, maintain and operate railroad tracks, car shops, wharves, docks and ferry slips on a frontage of 1000 feet on the western waterfront, beginning from the low tide line and extending parallel with the present pier of the company to the end of the pier. The franchise is for fifty years, during which time the Key Route shall pay \$1000 a year for the first twenty-five years and \$2000 for every year thereafter.

WANTS MATTER DELAYED.

"Councilman Stiefvater has asked if we know what the Key Route people have in mind for the waterfront, but we also know what Oakland has done for the Key Route. We are not opposed to the granting of this franchise, but it is the most important matter yet considered by the City Council regarding our waterfront and it should be taken up with due deliberation."

"We believe that the matter should be laid before a board of engineers; we believe that the franchise should not be granted for fifty years; we believe that the compensation to be paid by the Key Route is far too small; we believe that the bulkhead line should be established before the franchise is granted."

At this point Councilman Elliott broke in to declare that he was opposed to the discussion for the reason that it was not kept to the point.

"We are not discussing plans for the improvement of the western waterfront tonight; we are discussing a granting of a franchise to the Key Route, Oakland and San Jose railroad."

When J. F. Flynn, consulting engineer of the Chamber of Commerce, arose to speak, Councilman Elliott requested that he not make a political speech.

GUARD CITY'S INTERESTS.

Following a discourse on the needs of the city and the necessity of conserving the interests of the city or the waterfront in order that the people would be aided in the payment of the interest on the bonds recently voted, Eng near Flynn said:

"The Chamber of Commerce asks that you put this matter over for thirty days until you can get permission to extend the bulkhead line 1600 feet. You have promised to work in the best interests of the people of Oakland. We ask you to do this before we grant you the franchise. You are acting as you have promised."

"By the extension of the bulkhead line and the filling in of the land behind it the city will reclaim 350 acres of land, valuable for the city in the way of commerce and the Chamber of Commerce wants to see a move in this direction before the franchise to the Key Route is granted."

Councilman Elliott then questioned Attorney Eng of the Key Route Company as to when the work on the new mole would begin.

"We are going at it as fast as we can," answered Eng.

"But you have no assurance that you will do this work as soon as is practical," said Elliott.

MUST FINANCE PROJECT.

"We must finance the project first, and we can do nothing until we get the permission of the War Department to make a permanent structure of the mole as you allow us to do in your franchise," said Eng.

"If the War Department refuses to grant this permission and this franchise is granted now, you will have a skeleton franchise to be used as you like and improvement there will be a stop," said Elliott.

"I do not know what you mean by 'stop,'" answered Eng. "If the War Department grants the permission, the work will be done."

Physician Drowned in Lake Michigan

CHICAGO, June 20.—The body of Dr. L. L. Lusk was found in the lake off Seventy-fifth street yesterday. He is believed to have been drowned by the capsizing of a small boat Saturday during a brief gale.

Telegram received at the Columbia Yacht Club today alleged that Dr. Lusk had been seen in the lake off Seventy-fifth street yesterday. He is believed to have been drowned by the capsizing of a small boat Saturday during a brief gale.

Explosion Gun May Make Youth Blind

HAYWARD, June 21.—Great efforts are being made by the physicians in charge of the hospital here to save the eyes of a young man who was injured by an explosion of a gun last week. It is not yet certain whether the youth will ever be able to use his eyes again.

The boy, who is a graduate of the local high school, was hunting in the hills at the time of the accident. The powder burned his face and eyes terribly. His face will be scarred for life as a result of the accident.

Denies Kaiser's Fall From Water Wagon

BERLIN, June 21.—Great indignation has been aroused by the report that Dr. Doyen of Paris has declared the Kaiser's fall from a water wagon. This is said to be absolutely unfounded. The Emperor has always been strongly opposed to the present situation in Germany. The last three years he has been almost a total abstainer, his favorite beverages being lemonade and other temperance drinks.

WANTS AGREEMENT RATIFIED.

PARIS, June 21.—Great Britain has asked the League of Nations to ratify the agreement between the United States, America and Germany to present an identical note to China for the immediate cessation of the Hankow-Soochow loan agreement.

Personal Mention

MISS CLAIRE GARROUPE, a teacher in the city schools, will visit with relatives for a few days.

MRS. W. WARD has gone to Ukiah, where she will visit with relatives for a couple of weeks.

MRS. CHARLES RACE has returned from a short visit with her sister in Ukiah.

T. C. MOGAIN has left for Washington and will stop en route for a few days in Grass Valley.

GEORGE D. BARBER has gone to Fresno on a short business trip.

MISS HENRIETTA FURUS has returned from a short visit with her mother in Ukiah.

MRS. JULIA DUNNELL has gone to Napa, where she will visit with friends for a few days.

E. G. BRATTIN has returned from More Beach, where he went the last of the week on business.

JOHN O'NEILL has returned from San Luis Obispo, where he was on business.

MRS. EMMA G. SUTHERLIN, who has been the guest of friends in Red Bluff, is bound to her home the first of the week.

MRS. GEORGE SHRIDER has gone to Merced, where she will visit with friends for a few days.

MRS. N. BLACK has gone to San Rafael, where she will visit for a few days with relatives and friends.

EDGAR REED has gone to Ukiah, where he will visit with friends for a few days.

MISS SADIE SNOW has gone to Elk Grove, where she will visit with relatives for a few days.

A. A. LONG and family have gone to Boulder Creek, where they will remain for the summer in their car.

EDGAR GLOUSE has made a short business trip to Livingston the latter part of the week.

MISS GERTRUDE FURUS has gone to Ukiah, where she will visit with her mother for a few days.

ROBERT MAYOCK has returned from Ukiah, where he went the latter part of the week for a short visit.

Woman's Kidneys

Mrs. W. Hively of Freeport, Illinois, suffering for a long time without knowing just what was the matter, but when she finally located the cause of her trouble she was able to secure prompt relief by the very timely use of Foley Kidney Pills. "I have been troubled with severe backache for over a year, and always thought I had a tumor. There would be pains over my heart, and I continually had specks before my eyes and ever morning was troubled with dizzy spells and a headache. A month ago I secured a bottle of Foley Kidney Pills. After a short time my backache left me and my heart no longer bothered me, nor do I have those nauseating headaches and dizziness to which I was subjected before I took this wonderful remedy. Foley Kidney Pills have certainly done wonders for me and I cannot recommend them too highly." Her case is not unusual. Many women, troubled the same way, drag about daily with the impression that they have a "weakness" due to their sex, that they are unwilling to consult a doctor about, yet which is sapping their strength and making life miserable. Yet their trouble is easily traceable to their kidneys and bladder, and a prompt use of Foley Kidney Pills will give them first a quick and blessed relief, then a prompt cure. At all drug stores they suffer. Give Foley Kidney Pills a trial at once and note the quick return to health, strength and vigor. They will tone up your system, correct irregularities and make you strong and well. Take only Foley Kidney Pills. They are put out only by Foley & Co. of Chicago, and the genuine are always in the yellow package. Do not take any substitutes, as no other kidney pills can take their place or do for you what Foley Kidney Pills can. Refuse substitutes. Write to Dr. J. C. Foley, 1234 N. Dearborn St., Chicago, Ill., for a free booklet.

"A-1" Flour

would easily carry off the honors in a baking contest with any flour, no matter where made.

Try a contest of this kind in your own kitchen, with a brand of flour that has been your particular favorite — and "A-1."

After the contest your favorite will be "A-1" Flour.

UNCLE SAM BUSY GATHERING LEMONS

California Growers Complain That Illegal Rebates Are Collected.

NEW YORK, June 21.—Three special customs officers from Washington are spending the sultry month of June in quiet water front observations at the docks in Manhattan and Brooklyn, at which Sicilian lemons are unloaded. The reports that custom inspectors are not paying the full duties on the fruit which they import.

The duty amounts to 1 1/2 cents a pound, but the government demands a rebate for the proportion of the fruit on each shipment that is deemed unfit for consumption and which the importers are supposed to destroy. The investigators have been trying to learn whether the amount of decayed fruit is over-estimated when the duties are computed.

The proportion of decayed fruit has been unusually large of late, according to the customs returns. On many shipments from 25 to 30 per cent of the oranges have been reported as unfit and rebates to that extent have been given to the importers.

The importers say that the increase in the proportion of decayed lemons from Sicily is due to unfavorable weather affecting the crop in Sicily. They say that zealous California lemon growers made the complaints which were the immediate cause of the present inquiry. The California growers it is said, are trying to put an end to the giving of rebates. If this is done the importers say the Californians would put up the prices of lemons.

Two Dealers Accused Of Adulterating Milk

SAN LEANDRO, June 21.—N. J. Lund, a member of the State Dairy Bureau, has applied for warrants for the arrest of C. Silva and J. Anderson, proprietors of restaurants in this town, charging them with selling adulterated milk.

Anderson and Lund's affidavit, Silva and Anderson are willfully violating the law in selling milk that does not contain that percentage of food properties required by law. As this provision of the State law is being strictly enforced in an effort to prevent the spread of tuberculosis and other diseases, the two will be vigorously prosecuted.

Exploding Gun May Make Youth Blind

HAYWARD, June 21.—Great efforts are being made by the physicians in charge of the hospital here to save the eyes of a young man who was injured by an explosion of a gun last week. It is not yet certain whether the youth will ever be able to use his eyes again.

The boy, who is a graduate of the local high school, was hunting in the hills at the time of the accident. The powder burned his face and eyes terribly. His face will be scarred for life as a result of the accident.

First Gun to Be Fired in Great Aviation War

FUTURE OF MEETS TO BE DECIDED AT SESSION

American Aeronautical and Federation of America Will Fight Together.

AERO CLUB ARRAYED ON THE OTHER SIDE

Declares Records Made in Future Must Bear Their Official Sanction.

NEW YORK, June 21.—At a joint convention of the American Aeronautical Association and the Aeronautical Federation of America to be held in this city for several days beginning Wednesday, June 22, the first gun in a bitter war which will decide the control of future aviation meets in America will be fired.

Aligned on one side are the two above mentioned organizations, offshoots of the Aero Club of America and founded by insurance members of that body who were dissatisfied with the conditions existing in the parent organization.

On the other side is the Aero Club of America, the oldest organization of its kind in the country, and which it is claimed, is controlled absolutely by the financiers who own the Wright Company.

The recent remarkable achievements by Glenn Curtiss and other aviators, and the enormous amount of prize money that is at present being offered by newspapers for intercity flights, have all combined to emphasize the importance of the coming convention.

DISPUTE SANCTION.

According to the leaders of both sides, these fights can be sanctioned by whatever organization is selected by the papers, but officials of the Aero Club of America claim that no records would be recognized unless the fight is sanctioned by that body.

The main purpose of the convention is the amalgamation of all the aero clubs in the country into one organization, the name to be selected for the purpose of promoting the science of aeronautics. All clubs in the United States have received invitations to join, including the Aero Club of America, but every organization will be given an equal representation. This would eliminate the Aero Club of America as the controlling factor in aeronautics in this country.

CLAIM BIG MEMBERSHIP.

The leaders of the opposing organizations, on the other hand, claim that the new body will have a larger national representation than the Aero Club of America, and for this reason will control all the aviation meets held in the country. Their status will soon be recognized by the International Aeronautic Federation, and in this way they hope to secure the Aero Club's recognition as the representative of the United States. They state, however, that they will not attempt to interfere with the International aviation meet which is to be held in this country next October, when the contest will be held for the Bristar trophy, which was won by Glenn Curtiss at Rheims.

The formation of the new organization is the culmination of a bitter fight that has been going on in the Aero Club of America for two years. A small group headed by Thomas A. Hill, who

NO LONGER A CHILD

A Word to Parents on the Dangers of Bloodlessness That Threaten Daughters in Their "Teens."

Perhaps you have already noticed that your daughter in her "teens" has developed a flimsy temper, is restless and excitable. In that case remember that she is growing into womanhood, and that a great responsibility rests upon you, as parents.

If your daughter is pale, complains of weakness and depression, feels "tired out" after a little exertion, if she tells of headaches and backaches, do not disregard these symptoms. Your daughter needs help, for she is anemic—this is bloodless.

You should lose no time in procuring Dr. Williams' Pink Pills; otherwise her unhealthy girlhood is bound to lead to unhealthy womanhood.

Miss Thekla Holland, of No. 1162 Atlantic avenue, Long Beach, Cal., says: "A few years ago I became very anemic, although I had always been weak and sickly. I was moved to California during my sickness and I was so thin and pale that people thought I had consumption. I was run down, weak and unable to stand any exertion. I was short of breath, had no ambition and was always tired. I was nervous and my sleep was broken. I had to be careful what I ate and my stomach was out of order. My heart also troubled me a great deal. I was able to go to school only about three months out of the nine and one year was out of school entirely. I was often confined to bed for two or three weeks.

A friend recommended the use of Dr. Williams' Pink Pills and after a fair trial I began to feel better. I kept on using the pills until I was completely cured. I now feel strong and well and am able to stand any exertion. I recommend Dr. Williams' Pink Pills because they cured me after three years of sickness and after my doctor had said he could not help me.

Dr. Williams' Pink Pills have cured rheumatism, after-effects of the grip and levers, chlorosis or green sickness and general debility because of their power to build up and purify the blood. Our new booklet, "Diseases of the Blood," will give you much valuable information about the above diseases and will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

THOMAS A. HILL, the head of the "insurgents," and CORTLANDT FIELD BISHOP, the president of the Aero Club of America (on the left), are shown above. Below, beginning at the left, are: Professor Todd of Amherst, a member of the committee who will have charge of the convention which meets in New York on June 22; Alfred Wagstaff Jr., who headed the "insurgent" ticket in the Aero Club of America against Cortlandt Field Bishop, and Wilbur R. Kimball, an old member of the Aero Club of America, who strongly favors the new organization.

R. Kimball, Charles Leece and Mr. G. L. M. Borglum, were dissatisfied with the administration, and at the election held last November they put their own ticket in the field in opposition to Mr. Cortlandt Field Bishop, the administrative candidate. As most of the votes were cast by proxies, the insurgents applied to the courts for an injunction to prevent the use of proxies, but their application was denied. The regular ticket of Cortlandt Field Bishop was elected by a good majority. The insurgents kept up the fight, however, and a month later brought suit seeking to invalidate the elections, which is still hanging fire.

FOUND NEW ONE.

Later on they founded a new organization and called it the American Aeronautical Association, which is one of the bodies that is to join with the Aeronautical Federation of America in forming the new society. In April of the present year, six prominent members of the club signed a letter requesting the resignation of Mr. Bishop from the office of president.

Nothing came of it, however, and a few days later Mr. Bishop sailed for Europe to make arrangements for the International aviation meet to be held in this country next fall. Before sailing he said that he had the assurance of the Wright Company that they would not prosecute foreign aviators for alleged infringement upon their patents, should they decide to come over and compete.

As a forerunner to the present movement, a letter was sent out early in May signed by Thomas A. Hill and a number of other important insurgents to all the aero clubs in the country asking the clubs not to attend the convention of the Aero Club held on May 23. The letter stated that "the officials of the Aero Club of America, the Wright Company and other aerial show promoters have combined in an effort to exploit your club and your community mainly for the profit of a group of high financiers who are unprincipledly identified with the notorious Trust in New York."

CONTRACT "NOTORIOUS."

"You know that the notorious contract between the Wright company and the Aero Club of America, as well as the exorbitant demands of the Wright exhibition Company, have created such a prejudice against the combination of institutions that scarcely any community in the country has consented to hold a meet sanctioned by the Aero Club of America or has agreed to employ a Wright machine to fly a Wright patent."

Thomas A. Hill, one of the leading spirits in the insurgent movement and secretary of the committee which has

charge of the coming convention, in an interview with a reporter gave a brief outline of the work contemplated by the new organization.

"It will be the purpose of the new organization," he said, "to place the science of aeronautics on a broad and liberal basis. Our fight in the Aero Club of America has been one for equal representation, and to every club in the new organization this will be granted. We intend to establish three sections to carry on the work of the organization. They will be the scientific, sporting and industrial. The scientific section will have its college and academic committees; the former to encourage the science of aeronautics in the various colleges and universities throughout the country, and the latter to look after similar work in the high schools.

"On the industrial section will be the manufacturers and commercial committees. These committees will have charge of all matters pertaining to legislation, inventions, patents, etc."

"At the present time it is exceedingly difficult for a small aero club to get recognition when seeking redress for alleged wrongs. Should a club, however, be a member of the new body, it could present its complaint to the proper section and its interests would immediately be looked after."

"The new organization will not be a rival of the Aero Club of America in any sense of the word. We have extended an invitation to the Aero Club to join the new organization and should they decide to accept they will be given the same privileges as other members—but no more."

AT DISADVANTAGE.

"Should the Aero Club decline the offer the new club will undoubtedly be at a slight disadvantage for a time, owing to the fact that the Aero Club is this country's representative in the International Aeronautic Federation and as such has the sole right to sanction international meets in this country. This handicap would undoubtedly be overcome in a short time, owing to our larger representation."

"The question of meets, however, is entirely secondary. In fact the new organization will have absolutely nothing to do with any meets that are run for

the purpose of making money. On the other hand it will not interfere with any club which desires to run a meet for commercial reasons. Even though this club be a member of the new organization."

If the regulars of the Aero Club of America view the new movement with alarm, they are keeping the fact to themselves. When Mr. Hillman, the secretary of the Aero Club, was asked for his opinion regarding the new organization, he said:

RECORDS NOT RECOGNIZED.

"As far as this new body is concerned, they can have all the meets they desire, but any records made at these meets will not be recognized as the Aero Club of America is the only representative in this country of the International Aeronautic Federation, and, therefore, any record made at a meet not sanctioned by our organization would not be recognized, even if a man were to go ten miles high in an aeroplane."

"The new organization will probably control most of the local meets, but unless we give our consent they can have nothing to do with an international meet. Even should the new body demonstrate that they are the more effective body of aeronautics in the International Federation, they would not be selected as the American representative, owing to the fact that the Aero Club of America is a charter member of the International organization."

"But there is no possibility of the new organization becoming the representative body. For the sake of argument, take the membership of the two bodies. The leaders of the new movement claim that the new organization will represent an amalgamation of thirty clubs."

"state with assurance that the membership of the combined thirty clubs does not equal the membership of the Aero Club alone."

NOT AFFEET MEET.

Mr. Hillman was then asked if this revolt would in any way affect the International meet to be held in this country next fall.

"Emphatically no," he answered. "When Glenn H. Curtiss won the International cup at Rheims, the Aero Club of America had sent him over to compete, paying all his expenses, and, therefore, the cup belongs to the club. We issued a challenge to foreign competitors, and if they want to compete for the cup they must come to this country. We cannot see where this new organization can possibly conceive the idea of having anything to say regarding the meet, as it is purely our concern."

"In regard to the inter-city races for purses that have been offered by various newspapers, that is entirely in the hands of the papers. If they wish to place the competition in our hands or the hands of the new organization, all very well. It is entirely up to them."

So far as I can see, and I think as far as the Aero Club is concerned, we expect this new organization and the Aero Club to work co-operatively and harmoniously for one and the same aim—to make aviation a sporting, practical and scientific art."

Foley's Kidney Remedy may be given to children with admirable results. It does away with bed wetting, and is also recommended for use after measles and scarlet fever. Wish it's Drug Store.

What Everybody Ought to Know
That Foley's Kidney Remedy contains just the ingredients necessary to tone, strengthen and regulate the action of the kidneys and bladder.—Wishart's Drug Store.

MELROSE, June 21.—The Melrose police have been asked to find 16-year-old Fred Welsdorf, who has been missing from his home at 1304 Fifty-first avenue in this place since last Wednesday night. The strange disappearance of the boy, which has been reported by his sister, Mildred Welsdorf, has proved a mystery. His parents fear that he has met with foul play.

When last seen the boy was departing for work at a box factory located at Fifth street and Adeline in Oakland, at 8 o'clock Wednesday. He failed to reach the place and there is no clue to his whereabouts. He has brown hair and blue eyes and was clad in a brown coat and blue trousers, wearing a black hat and brown shoes when last seen. The police are working on the case.

MARGUSE GIVES HIS SIDE OF CASE

Declares Creditors of Defunct Saloon Have No Way of Reimbursing Selves.

In presenting his side of the case of one Peters, who recently declared that he had been swindled when he was taken into partnership in a saloon on which there was a mortgage, unknown to him, and who later applied to the council for relief, Mr. Marcuse said, this morning:

"When Peters' partner got out and left the matter of the saloon in the air the creditors naturally came to the front with their claims. Thursday I reached an agreement with the man's attorney, Mr. Stiefvater, in which Peters was to be taken in with the creditors and to be reimbursed on a pro rata scale with them after the council had transferred the license to us, and we had conducted the saloon so as the profits would reimburse us for what we had advanced."

"I made out an agreement and sent it to Mr. Stiefvater who interlined it to suit his client. Then the creditors signed copies. Later Peters refused to sign it, declaring that it was not satisfactory, although I know it to be a fact that Peters hadn't even seen it."

Last night the council turned the license over to some one else (they couldn't revoke it and issue it again) leaving the creditors to whistle for their money. We now have no way of reimbursing ourselves."

SETTLE WAGE DISPUTE.

KANSAS CITY, June 21.—A long step toward settling the differences between the coal miners and operators of the Southwest was made here this afternoon, when the operators appointed James Elliott of McAllister, Okla., to confer with Thomas J. Lewis, national president of the union mine workers, and draw up a tentative agreement to be submitted later to the operators as a body. Lewis will come to Kansas City to begin the conference with Elliott.

GUTHRIE, Okla., June 21.—Federal Judge Ralph Campbell was unable to appear in the capital removal case in the United States Circuit Court here yesterday, because the train on which he was coming from Muskogee was derailed near McAllister. Judge Campbell is expected here this morning.

A large delegation of citizens of Oklahoma City arrived here to attend the hearing set for this morning, at which Governor Haskell and other State officers had been cited to appear and show cause why a Federal injunction should not be issued restraining them from removing the capital to Oklahoma City before 1913. Governor Haskell has not arrived in Guthrie.

CHICAGO "DRUNKS" TO BE TENDERLY LED AWAY HOME

CHICAGO, June 21.—The golden rule will be applied to intoxicated persons in Chicago if an ordinance now in the hands of the judiciary committee is passed by the city council.

The city council judiciary committee yesterday decided that in the future all "drunks" found on the street by policemen must be taken to their homes, it did this despite an opinion given by Assistant Corporation Counsel Hays that it is illegal for a policeman to take an intoxicated person to his home instead of a police station, and after Judge McKenzie Cleveland, the father of the proposed ordinance, had told the committee that he had gotten around the objection raised by the assistant corporation counsel by changing the words "found on the street in an intoxicated condition" to "found on the street in a condition of physical helplessness."

The committee will report the measure favorably to the council Monday night.

Oklahoma Capital Hearing Is Delayed

GUTHRIE, Okla., June 21.—Federal Judge Ralph Campbell was unable to appear in the capital removal case in the United States Circuit Court here yesterday, because the train on which he was coming from Muskogee was derailed near McAllister. Judge Campbell is expected here this morning.

A large delegation of citizens of Oklahoma City arrived here to attend the hearing set for this morning, at which Governor Haskell and other State officers had been cited to appear and show cause why a Federal injunction should not be issued restraining them from removing the capital to Oklahoma City before 1913. Governor Haskell has not arrived in Guthrie.

FIREMEN BECOME HOSPITAL CORPS

Trucks Now Obligated to Carry Medical Appliances for Emergency Use.

NEW YORK, June 21.—Criticism of casualties among firemen at recent New York fires has resulted in an order from the Fire Commissioner which makes every truck company in the department a sort of ambulance and hospital corps. The crew of each truck is receiving a thorough course of lessons in how to render first aid to the injured firemen when overcome by smoke or otherwise injured in a burning building.

Each truck is also obliged to carry on its run to a fire an assortment of surgical supplies that may be useful. The outfit includes amyl nitrate and aromatic spirits of ammonia for fainted firemen, a tourniquet for wounds, carbol oil for burns and legs, absorbent cotton and gauzes, bandages, adhesive plasters, bichloride and carbol acid tablets, unguents, sutures, forceps and knives.

Nagel Says Chinese Are Not Mistreated

WASHINGTON, June 21.—The treatment of Chinese immigrants at Angel Island, near San Francisco, was the subject of a hearing given today by Secretary Nagel to Carroll Cook of San Francisco, counsel for the Six Companies, and to H. P. Schwen of the Pacific Mail Steamship Company.

It has been alleged on behalf of the immigrants that while at the island they are subjected to various indignities. The secretary made clear to his callers the desire of the department that the Orientals should be properly treated and that the officials of the immigration service were doing what they properly could to satisfy their needs.

MARIE LAVEAGA

SANE SAYS NUN

Testifies That Dead Woman Preferred Spanish to English in Her Youth.

SAN FRANCISCO, June 21.—Yesterday's session of the De Laveaga will continue before Judge Coffey were chiefly taken up with the continuance of the interrogation of Sister Claire, a nun of St. Dominic's order, by Attorney Samuel M. Shortridge and her cross-examination by E. S. Pillsbury.

Sister Claire said that she first saw Marie de Laveaga at St. Catherine's academy, Benicia, in 1887, when they both were school children. According to her testimony Marie was perfectly rational, and if less given than some of the other children to free conversation among her schoolmates, it was because at this time she spoke Spanish more fluently than English. Her mode of speech was usually slow, said the witness, but there were times when she became animated and enthusiastic.

Shortly before adjournment Santos L. Narjot, widow of Ernesto Narjot, took the stand for the proponents of the will. Her examination will be resumed today.

POLICE ON TRAIL

OF MISSING BOY

Had Mysteriously Disappeared and Parents Express Fear of Foul Play.

MELROSE, June 21.—The Melrose police have been asked to find 16-year-old Fred Welsdorf, who has been missing from his home at 1304 Fifty-first avenue in this place since last Wednesday night. Edward W. Hyatt's Various Defenses.

The Riverside Press cannot make a case out for Edward W. Hyatt by calling THE TRIBUNE "mercenary" and jumping from one falsehood to another. Its charge that THE TRIBUNE is mercenary may be classed with the crushing retort of the spavined and soured old hack, a hireling at this life, who charged the author of an article in another paper with being "a hired writer." Mr. Hyatt is on trial, not THE TRIBUNE. He is asking the people to reject him State Superintendent of Schools, and this paper is trying to tell why he is unworthy of the honor. It is not concerned about the candidacy of any other aspirant but it has stated plainly the reasons why Mr. Hyatt should not be made the nominee of the Republican party.

The Riverside Press first said THE TRIBUNE was opposing Hyatt because he was favored by the Lincoln-Roosevelt League and supported by the Press. Now Hyatt is denying that he is the nominee of the Lincoln-Roosevelt League. He is not, but he sought to be. It is to his discredit that he sought the league's nomination and to the credit of the league that he didn't get it.

Now the Press says THE TRIBUNE opposes Hyatt on the ground that he betrayed Pardee at Santa Cruz. Another bit of special pleading. Hyatt's betrayal of Pardee was cited as one of many evidences of his shiftiness and untrustworthy character. It was not because Pardee was the man he betrayed, but Hyatt's treachery that we reprobated.

Hyatt is getting testimonials to show that he did not trade a Pardee delegation off for a nomination for himself. It is asserted by the Riverside Press that the delegation would have voted for Gillett, anyhow. That is not true. It is so ridiculously untrue as to merit only contempt. Hyatt would have not even been considered as a candidate had he not arranged for the Gillett forces to program the Riverside delegation down the line. The idea that this obscure political adventurer, a recent deserter from the Populist ranks, was given a place on the State ticket on his merits and popularity is wildly absurd. It is to laugh. Hyatt paid in delegates for his nomination. He had arranged the deal when he engineered the scheme by which the Republican convention of Riverside county endorsed Pardee's candidacy for Governor and elected a delegation that would consent to be manipulated in Hyatt's interest. When those delegates were elected it was understood that they were to vote for Pardee, and would have voted for him had Hyatt not arranged in advance to trade them off.

While THE TRIBUNE supported Pardee for renomination it has no desire to punish Hyatt or anybody else for opposing him. It is political indecency and treachery that we condemn. This paper has criticized Pardee's conduct and utterances since the Santa Cruz convention, but these criticisms, whether justified or not, do not improve the situation for Hyatt, do not alter the record, and are wholly irrelevant to the issue raised by Hyatt's candidacy.

Hyatt attempts to prove his good character by saying Abe Ruef supported another candidate for Superintendent of Schools at Santa Cruz. The candidate opposed to Hyatt was an estimable woman, and Ruef made a speech in her behalf as a bit of buncombe. But Hyatt got enough of Ruef's votes to give him the nomination. If anybody doubts this let him examine the roll call of the Santa Cruz convention.

However, Ruef voted his delegation solid for Pardee at Sacramento, and at Santa Cruz he cast every vote under his control for Judge Sloss. Yet Pardee made a good Governor and Sloss made a good Judge. Hyatt had mock opposition from Ruef at Santa Cruz, and has made a poor official. In office he is the same shiftiness, unscrupulous, untrustworthy conman that he showed himself to be at Santa Cruz and prior thereto—in other words, the same old Edward W. Hyatt who has often changed his political coat but never his character.

Another Triumph for Indecency.

Joe Abbott, the fake poolroom swindler, has finally been given the immunity promised him when he became a tool in the scheme of Fremont Older to disgrace and imprison Harry P. Flannery. A professional criminal has been given his liberty and freedom from prosecution for his crimes in pursuance of an infamous bargain involving perjury and compounding a felony. The motion to dismiss the indictment returned against Abbott by the Marin county Grand Jury was made by District Attorney Thomas P. Boyd, by whose direction Abbott was taken over to San Francisco for secret conferences with Fremont Older. These conferences were held in the private offices of James D. Philan, and the result was the story implicating the president of the San Francisco Police Commission in the swindling operations of Abbott and his confederates. Upon the strength of this story Boyd had Flannery indicted. But the vile compact entered into between Older and Abbott failed, for Flannery was promptly acquitted when brought to trial. But Abbott has received his price after all. The chief of the poolroom swindlers goes free of punishment. Older saw to that as well as getting him liberated on bail. It is worthy of note that a judge was called in from a remote county to preside at the closing act of this travesty on the administration of justice. That was the course pursued when the J. Dalzell Brown farce was played. Judge Lennor, who is a candidate for judge of the District Court of Appeals, was off on a vacation when Abbott was given the immunity bath and hence was not called upon to act as masquerade on the occasion.

Chester Rowell, the boss of the Lincoln-Roosevelt League, has had his moral sensibilities outraged again. The Republican State Committee refused to adopt a resolution offered by him stating, in effect, that the committee has heretofore been controlled by the Southern Pacific. Doubtless Mr. Rowell will be duly shocked that the committee should refuse to make the confession. He will probably construe the refusal as a further evidence that the committee is under railroad control. As the committee stupidly declined to damn itself Mr. Rowell will feel under the painful necessity of doing the damning himself. However, he has done his best in that line already.

Of course it was a French doctor who asserted that the trouble with the Kaiser's knee was only a beer swelling, and of course all Germany resented the base imputation. As everybody knows beer is abhorred in the German empire and is regarded as Satan's tipple by the Kaiser. The yarn that drinking beer has given Germany's war lord knee pains probably originated in an absinthe dream. It is certainly French enough.

Now that President Taft has signed the Statehood bill, the Arizona Kicker will have to seek another grievance or go out of business.

Citizen Roosevelt has bought a straw hat, so the telegraph tells us. What will this astounding person do next?

WHAT'S THE USE?

—ST. LOUIS POST-DEMOCRAT.

Editorial Paragraphs

RICHES increase by taking away DESIRE; for fullness of PLEASURE take no thought of the tomorrow.

KEEP climbing up the ladder, for FAME perches at the top; if you go down the other way this bird for you will never stop.

A FRIEND may seek flattery from you by calling himself a FOOL; he will become your enemy if you DO NOT disagree with him.

"GAINS" fill life's granary; SEEKING rather than HAVING gives most pleasure to man; PURSUING and never CATCHING gives life's cheerful chase.

THE man who shapes opportunity to his WILL can never be found at the foot of the hill.

IN the mills of ADVERSITY and MISFORTUNE the hero is often manufactured; but the largest per cent we cannot doubt, is the plain hobo that's ground out.

BENEFITS received never bring JOY unless GRATITUDE is given—the debt of gratitude must become a cancelled obligation.

SERVICE signals success and your own comes to you; LIVING FOR OTHERS takes away selfishness and brings back your better self.

LIFE is serious and life is earnest; but the earnest effort some people make to annoy others is the most serious.

BEAUTY cannot be well judged by the blind; the CRITIC falsely names our faults when he looks through envy's spectacles.

DECEIVE yourself by keeping the true facts concealed from yourself; the liar keeps these concealed from others.

California Is for Taft

"California is all right for Taft and the Republican party," said Hugh M. Burke, of San Francisco, at the New Willard.

"The State is booming. The tariff just suits us. There is some idle talk here and there about insurgency, but it counts for nothing. The people are too busy making money to cultivate a grudge. They admire President Taft and don't want any experiments."

Mr. Burke is a charter member of the Bohemian Club, and it was he who originated the idea of the mid-summer festival in the redwoods, which has become a world-renowned spectacle. There was great opposition to this woodland project, but once tried it was immediately adopted. "We think we have beauty in our redwoods," said Mr. Burke, "and we have, but Washington is a woodland and a city combined, the finest and most beautiful city I have ever seen." —Washington Post.

Timely and Interesting Topics

Hope of holding a Victoria Day celebration in Victoria, B. C., has been abandoned as the Songhoses and Quamichan Indians have declined to take part in a canoe race because of the death of King Edward. The feature of the yearly celebration has always been the Indian war canoes, at which

cash prizes are offered. The Indians came to the contest for three months in advance. "The King was our best friend. He is buried on the 20th. We cannot race on the 24th," said Chief Cooper of the Songhose tribe to the committee.

A twelve-year-old lad and a young sister got the better of a railroad

company when Henry Horgan and his sister, Helen, bought half-fare tickets from Seattle to Portland over the Northern Pacific. Henry weighs 323 pounds, and Helen, eight years old, weighs 190 pounds. Both are in the half-fare class, but their combined weight is equal to that of four ordinary passenger fares.

Millionaires Flocking to Porto Rico

"Porto Rico within the next fifty years will be occupied exclusively by American millionaires, who already are awakening to the picturesque of the island, its climatic inducements and its generally healthy condition," said Alfred Zoyan, of San Juan, at the Raleigh.

"The wealthier people of this country are gradually realizing what a great acquisition the island is to the United States. Americans are looking for places of beauty and rest. They are seeking places where they can get away from the ordinary, and for this reason I say Porto Rico will eventually be designated as the mecca of America's rich. Here they can motor through miles of mountains, where the scenery equals that of any part of Switzerland. The country is threat-

ened with miles of good roads, the majority of which are macadamized.

"When the automobilist reaches certain altitudes in the center of Porto Rico he can look to all sides of him and view the sea. No only is the scenery of the island ideal, but the climate is that of perpetual spring. Not once in the last decade have we experienced a storm which has caused material damage. This moderate temperature, coupled with the sea breezes, makes the climate exuberant. I have never known it to be a cool on the island as it is at this time in the States.

"American tourists already are visiting Porto Rico in large numbers during the winter months. To accommodate these tourists a company has been formed at San Juan, and in the

near future will break ground for the erection of a \$1,000,000 hotel. With this place completed the influx of tourists will increase." —Washington Post.

Ruminations

Beauty is only purse deep. It is a natural instinct to prefer a rent in your conscience to a patch in your clothes.

A neighbor is a person of whom we may borrow. A nuisance is a person who borrows of us.

It's naughty to flirt unless you are in earnest, and then you can't.

To most of us flattery sounds more like the truth than the real article.

Coming home late is the mother of invention. —Smart Set.

Twenty Years Ago in Oakland

Two Democratic clubs were organized in the Fourth Ward Sunday evening with the following membership: T. J. Callahan, Dr. E. J. Overend, Harry Levy, J. L. McCarthy, James Elliott, J. F. Parker, T. J. Brady.

Among those who attended a picnic at Fruitvale Saturday from Alameda were the following: Mr. and Mrs. W. W. White, Misses May and Belle Cobble, Miss Roxie Laporia, Helen DeNott, Amelia Lagoria, Thel White, Gertrude Lyons, Daisy Fortier, Lizzie Nixon, Messrs. Harry Hickey, George Harris, Cliff Bretz, George Ohea, Norton Wells, Will Hinchman, Adolph Charlot, Lloyd Brown, Bert Erick, Henry Hoffman and Pete Rock.

At a party given by the Catholic Ladies' Aid Society No. 1 last evening in Temescal the following were among those present: Mrs. S. O'Rourke, Mrs. Maggie Shannon, Mrs. Maggie Swords, Mrs. M. Healy, Miss M. DeFries, Miss K. Darlow, Miss Mamie Moran, Miss K. Bowen, Miss Belle Such, Miss Della Pollard, Mrs. J. L. McCarthy, Mrs. T. Murray, Mrs. J. J. Finn, Mrs. R. E. Velle, William G. Such, G. J. Haggerty, John Manning, J. E. Ryal, J. H. Dickman, P. Cavanaugh, Frank Gallagher, Joe Cox and Louis Beaudry.

Edward W. Michaux and Elizabeth M. Whiting, both of Oakland, were married yesterday by the Rev. J. Pointer, and James T. Hatch and Miss Catherine M. L. Anderson by the Rev. G. B. Riegan.

The following are the enumerators of the census in this city: George A. Parker, Charles F. Cole, D. A. Henderson, J. W. Dutton, W. J. Robinson,

B. S. Marston, W. C. Whitman, W. A. Cooper, E. H. Broadwell, W. F. Delaney, Charles E. Davis, W. H. Ayers, C. A. Furpess, S. H. Morrill, C. W. Cooner, Ed LeFort, Ben Hayes, W. H. Hamilton and D. F. May.

Charles Melvin and George Mason leave this afternoon to join the Merry Trams near Guernseyville. They will be followed tomorrow by Dr. and Mrs. G. L. Shuey, Mrs. Wakefield and Mrs. W. C. Mason.

The Alameda county committee for an exhibit at the World's Fair in Chicago have been selected, the committee on permanent organization being as follows: Judge E. M. Gibson, chairman; T. W. Jeffers, secretary; J. M. Hanford, D. M. Hyde, C. Bartlett, T. A. Smith, J. E. McElrath, E. G. Blaisdell, E. T. Crane, E. H. Dyer and V. Alvino.

Humorous Snapshots

"The older I grow the stronger I get," remarked the well-used pipe.

"The game is up," said the hungry diner, noting the advance in price on the menu.

"Blood will tell," said the man who shaved himself and didn't want people to know it.

"Anything for a change," observed the chorus girl as she applied the peroxide to her locks.

"It's time to get dressed for dinner," said the lobster as the cook took it from the refrigerator.

"It doesn't bother me if food is high," said the giraffe as he nibbled away at a tree top.

—Boston Transcript.

Great Powers of the Brewers

From the United States Brewers' Association, in session in Washington, we learn that beer is booming and that its promoters "have succeeded in breaking the backbone of the prohibition wave." In proof whereof the statistics are furnished of an increased consumption on both of malt liquors and of spirits. Which reveals in the camp of the anti-dry a state of things very different from that of three short years ago.

In March, 1907, a leading organ of the wine and liquor trade viewed the situation with alarm. The National Wholesale Liquor Dealers' Association and other bodies, stirred into action by the steady gains of the prohibitionists, appealed to the saloons to mend their ways. Practical annihilation was predicted as the result of a continuance in the old course.

Now, it is true, that there is a reaction from the rigors of the "dry" campaign. Partly this is because every such crusade has its periods of

relaxation. To a still larger degree it is due to the fact that the great popular sentiment is not for prohibition as a fixed condition. The brewers will fall into signal error if, interpreting reaction as their own triumph, they shall forget and ignore the appeal of three years ago. For the issue in response to that appeal is in their own hands.

There has been no moment in the history of modern liquor-selling when the brewers could not have reformed the saloon at a given word. They can reform it now. Their power under mortgage bonds and the law of supply is absolute. They can if they choose press the power to their own interest and the public good. It is on abuse of the saloon privilege, while the real controllers of the traffic keep hands off, that thousands suffer and radical prohibition thrives.

The imp of intolerance which the brewers think they are exercising is chiefly of their own inspiration.—New York World.

POLICE AND FIRE ALARM WILL BE UP-TO-DATE

New System of Telegraph Will Be Equal to Any in the Country.

GREAT IMPROVEMENT IN SOUNDING FOR ALARMS

Building to House Elaborate Apparatus Will Be Started Without Delay.

With the completion of the new municipal electrical building planned for in the recent bond issue and proposed to be erected at Thirteenth and Oak streets, the city of Oakland will inaugurate a police telegraph and fire alarm system equal to any in the United States.

City Electrician Babcock and Fire Marshal Hall have been working for some time on the plans for the new system and the details for its installation are nearly completed.

The greatest improvement to be made in the present system will be the method to be employed in sounding the fire alarm to the different districts throughout the city.

SYSTEM OF ALARM

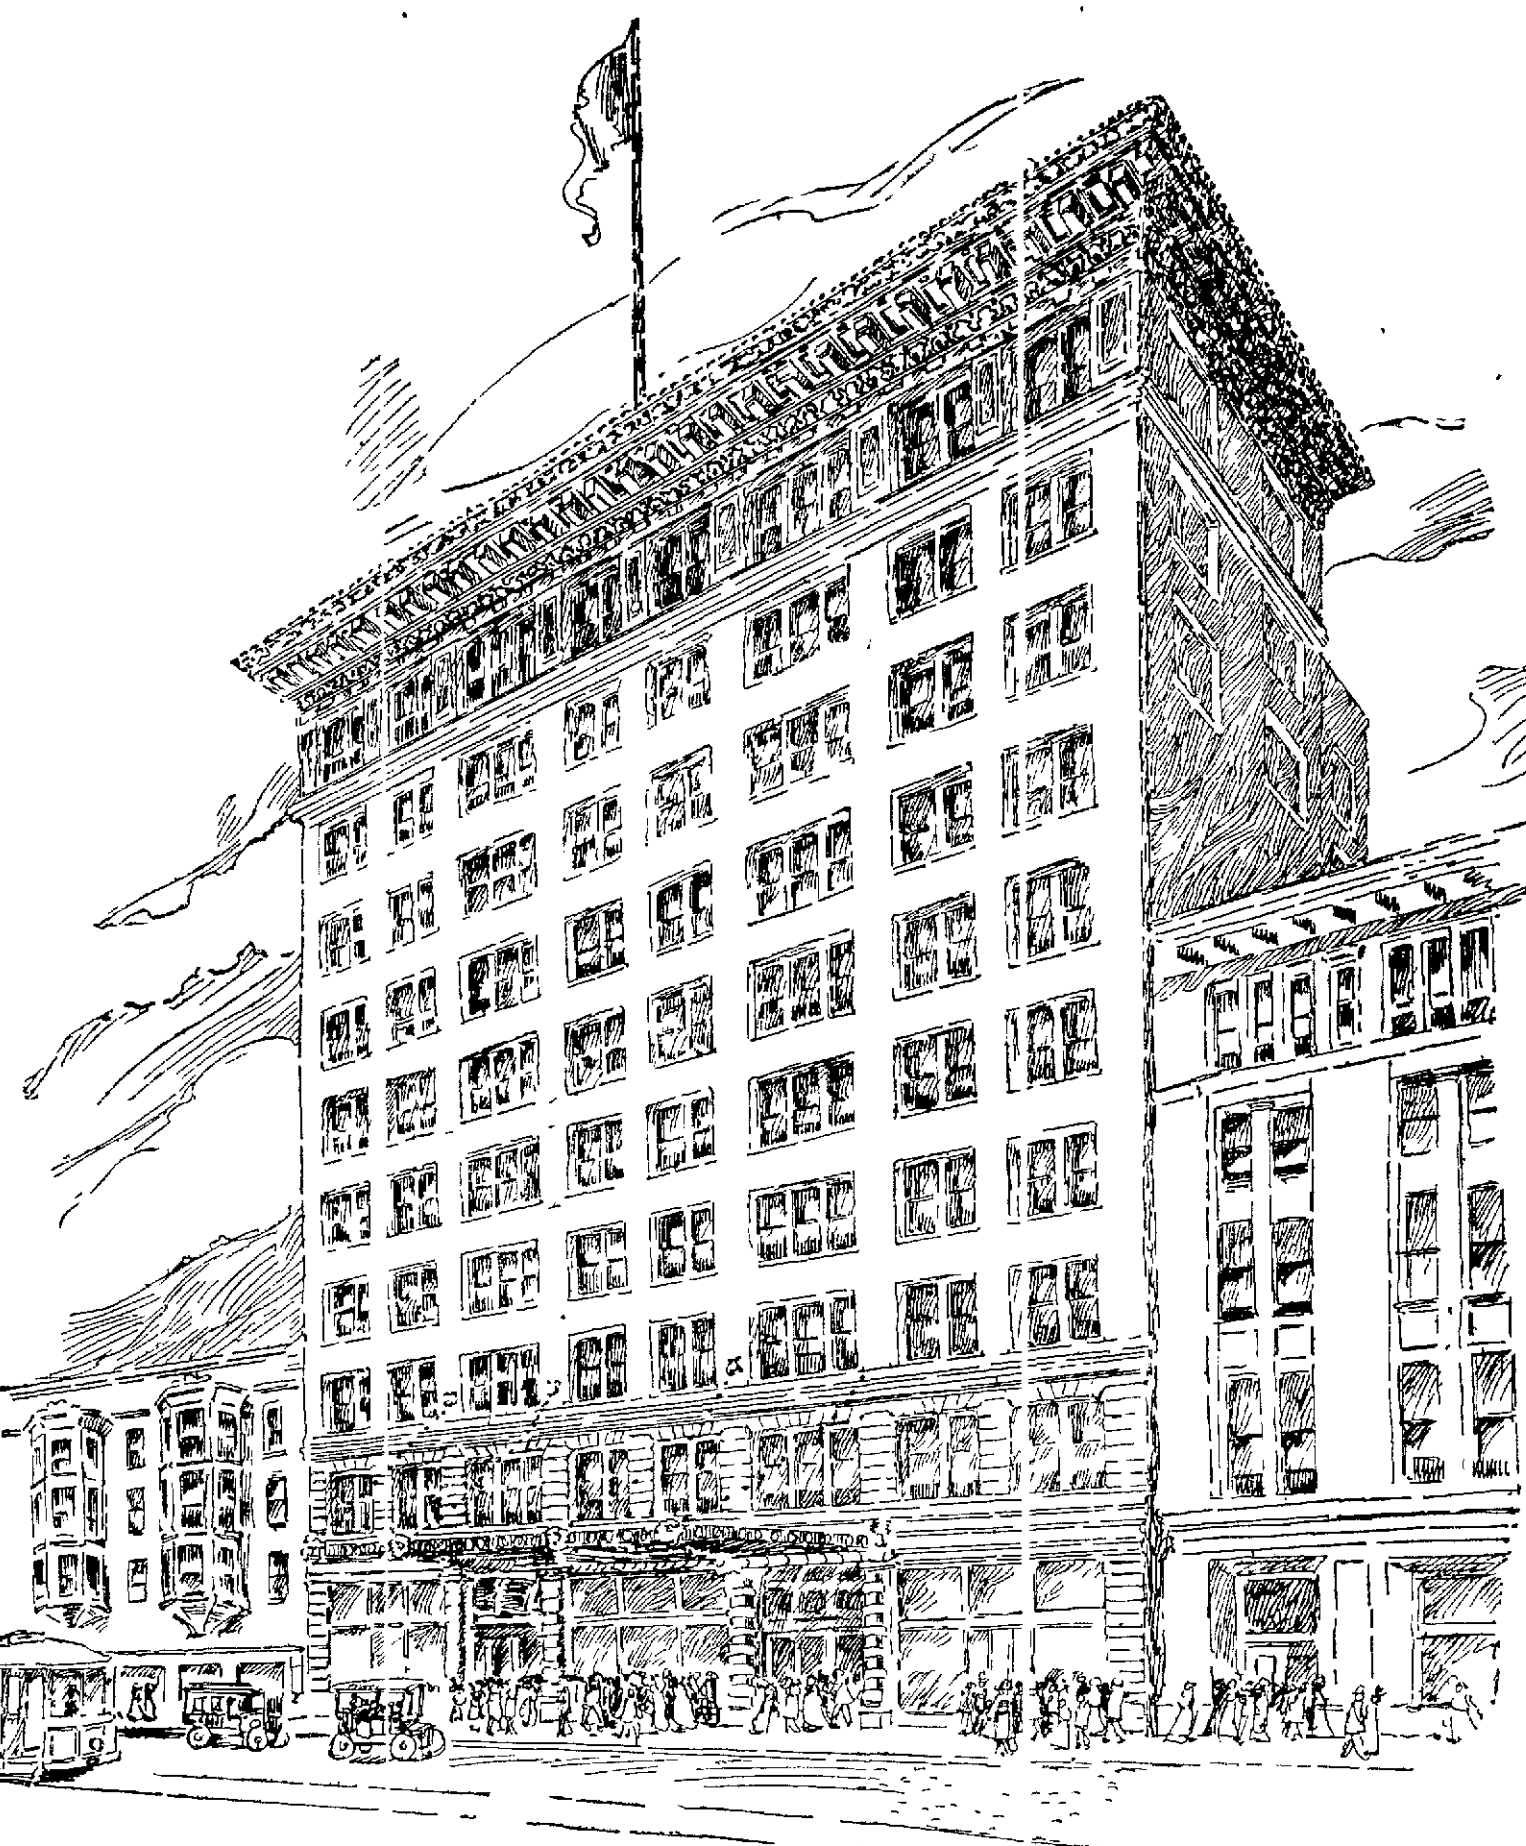

The city is divided into five districts and an alarm of fire for any of the districts is sounded by only by the fire companies located in that district. A second alarm call out the firemen in the district and sound the alarm from which the fire companies and fire alarm call out the firemen in the district.

Through the present system every firehouse in the city is alarmed by a bell. The bell is connected with the fire alarm system and the fire alarm system is connected with the fire alarm system. The fire alarm system is connected with the fire alarm system. The fire alarm system is connected with the fire alarm system.

POLICE PHONE SYSTEM

Improvements are also to be made in the police phone system. The police phone system is connected with the fire alarm system. The police phone system is connected with the fire alarm system. The police phone system is connected with the fire alarm system.

New Ten-Story Building for the Realty Syndicate

Front elevation of the Realty Syndicate Building as it will appear with the additional eight stories which are to be at once erected, and the detailed plans for which are nearly completed by the architects, W. L. and J. W. Wollett of San Francisco.

The above is a reproduction of the sketch of the architect, Wollett and Wollett of San Francisco, of the new ten-story building for the Realty Syndicate. The building is to be erected on the corner of Broadway and Fourteenth street.

The exterior walls will be of a light color and the building will be a modern structure. The building is to be erected on the corner of Broadway and Fourteenth street.

PRIZE MEASURED OUT TO PRESIDENT

Soions See End of Insurgency;
Party Solidified by the
Week's Work.

WASHINGTON, June 21.—The success which the Taft administration has attained in the last week or so in pushing important measures through Congress and in bringing the solid Republican vote in behind them is being reflected in reports which are coming to Washington from all parts of the country of the growth of the president's popularity. Congressmen from the West and Middle West sections that only a few weeks ago were bitter in their criticism of the Taft administration have been receiving letters and telegrams which indicate that the passage of the railroad bill and other administration measures has done much to rehabilitate the president's standing. The growing impression that Roosevelt will come out strongly in support of Taft also is helping to clear the situation in the West, and President Taft's friends here are in better spirits now than they have been any time this session. They believe that insurgency is on the wane and that when the present Congress finishes its work in the next few days, the president's hard-earned victory will be generally recognized.

SEES BRIGHT DAYS.

The president himself is greatly pleased with the way Congress has responded to his requests, and it is apparent that he is sharing the belief of his friends that there are brighter days ahead of his administration. The president already has got the railroad bill and statehood bill through Congress, and it is practically certain that his postal savings bank bill and his conservation bill will be added to the list within a day or two.

Senators and representatives who visited the White House were inclined to view the Taft administration in a somewhat more optimistic light than they did some time between Thursday and Saturday of this week.

The president will not be disappointed if the session continues until the 30th. He will work in Washington for the next four days following adjournment to clear up a lot of matters that are pending and to talk with party leaders. It is probable the president will not begin his vacation until July 4, when he is due for a speech at Boston.

Expel Garfield's Son From Taft's School

WATERTOWN, Conn., June 21.—For desecrating with their school colors the large granite soldiers' memorial shaft in the middle of the town, John Garfield, a senior, son of former Secretary of the Interior Garfield, Harry Crocker of San Francisco and Frank Andrews and John Dugan both of New York, were expelled from the Taft School last night by Horace Taft, the principal, who is a brother of President Taft. Garfield was to have graduated next week and the other three boys were juniors.

NATURALIZATION APPLICANTS.

FRESNO, June 21.—A class of forty-nine applicants for naturalization was examined in the local Superior Court yesterday. The class is by far the largest of its kind that has ever appeared in the Fresno courts. Assistant United States District Attorney Littleton of San Francisco is conducting the questioning in the interests of the Government.

BIG FREIGHT YARD PLANNED BY ROAD

Chicago, Milwaukee & St. Paul
Begins Work on the New
Chicago Terminal.

CHICAGO, June 21.—The Chicago, Milwaukee & St. Paul Railroad Company has begun work on one of the largest freight yard terminals in the Chicago shipping district, to be located between North and Bensonville, on the Council Bluffs division of the road. The location is about fifteen miles from the Union passenger station of Chicago. The purpose of the company in establishing a mammoth outside terminal is to prevent the recurrence of such a traffic congestion as was experienced by all railroads in Chicago last winter, and which cost the St. Paul road the loss of nearly \$500,000 of revenue in a single month. The cost of the present improvements will be approximately \$600,000. In time, however, the freight terminal facilities at the new location, it is said, will cover four times as much ground as the present improvements. The St. Paul Company has purchased in the vicinity of the two towns named 800 acres of land, at a cost of more than \$1,300,000. As the present plans of improvement contemplate the development of only 200 acres, 600 acres will be left for future enlargement.

COMAN SUCCEEDS ADAMS IN NORTH

New General Freight and Passenger Agent Takes Vacant Chair.

PORTLAND, Ore., June 21.—W. E. Coman will succeed H. M. Adams as general freight and passenger agent of the Spokane, Portland and Seattle Railroad and the Astoria and Columbia River Railroad. Adams resigned about three weeks ago to go with the Western Pacific as general freight agent July 1, at San Francisco.

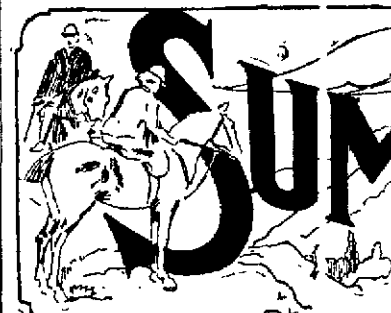

Coman has been with the Harriman lines for about twenty-five years, at present holding the position of first assistant general freight agent of the Oregon Railroad and Navigation Company and the Southern Pacific lines in Oregon. He will leave the Harriman lines and join the Hill forces so as to step into Adams' place on the first of the month. Coman's appointment was announced this morning by President George C. French of the North Bank line, and formal notice will be issued in a few days. The invasion by Hill of the Harriman fold to obtain Adams' successor is regarded in railroad circles as a good strategic move.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

Cheerfulness and a bright disposition during the months before baby comes, are among the greatest blessings a mother can bestow upon the little life about to begin. Her happiness and physical comfort will largely govern the proper development of the health and nature of the child. Mother's Friend contributes much to the mother's happiness and health by the relief and mental comfort it affords. It is a liniment composed of penetrating oils and medicines which lubricate the muscles and tendons, soothe the swollen mammary glands, cause a gradual expansion of the skin and tissues, and aid in the relief of nausea. The regular use of Mother's Friend greatly lessens the pain and danger when baby comes, and assures a quick and natural recovery for the mother. Mother's Friend is sold at drug stores. Write for our free book, containing valuable information for expectant Mothers.

EASTERN RAILROAD CLOSES CONTRACT FOR OIL SUPPLY FINDS GUSHER ERA IN STATE WORKS WONDERS

Chicago, Rock Island & Pacific to Burn New Fuel Altogether in Future.

DECLARES PETROLEUM IS MOST ECONOMICAL

Agent Sebastian Says Furnace Cleaning Charges Are Done Away With.

NEW YORK, June 21.—Evidence of the success of oil burning locomotives is seen in a large contract made by the Chicago, Rock Island and Pacific Railroad with the Standard Oil Company. The contract was awarded by D. B. Sebastian, fuel agent of the railroad, who declares that other conditions being equal, oil is more economical and more desirable than coal for railroad consumption.

"We have been using oil as fuel for some of our locomotives for about two years," said Mr. Sebastian. "We have forty-nine locomotives equipped with oil burning apparatus and will have many more but for the fact that our line runs through the coal fields of Illinois and other States. With the mines at our very doors it is more economical to use coal in those places, as no haul is necessitated, but where coal or oil must be carried the same distances we choose oil."

"In our oil burning locomotives we have no furnace cleaning charges when they are run into the roundhouses. This allows us a considerable saving. In addition the cost of handling the fuel is reduced to a minimum."

"Another great economy in the use of oil is the elimination of fire damages resulting from flying cinders."

Mr. Sebastian said that the railroad is using oil in many of its stationary plants.

COALINGA WELLS KEEP MANY BUSY

Activity Great in Big Fields; Five Wells Going in on Creme Petroleum.

COALINGA, June 21.—Five wells are to be drilled on the property of the Creme Petroleum Company on 50-20-15 by means of a new Parker rotary rig. The rotary arrived here today and it will be erected at once. A corps of expert drillers has been secured from the Bakersfield district to work on the Creme Company's property under Superintendent Mason. The drillers are already on the ground and today were engaged in getting equipment in shipshape. It is the determination of the Creme Company to complete the five wells on its property in record-breaking time.

The drilling will be done by the method that has been proved a big success for fast drilling to a depth of about 2000 feet. The rotary will be used to about that distance, and the wells will then be finished with standard rigs.

Number and other necessary materials are being hauled to the grounds for wells numbers 2 and 3, and before these wells are in readiness for operation, wells 4 and 5 will be rigged up. Well No. 1 is now in shape for installation, the rotary, on the first of next week will see commencement of drilling.

A strong gas pressure encountered at a depth of 1500 feet in the well of the Esplanade and Oil Company was the cause of considerable delay in the completion of the well. At that point the drill went into a stratum of black shale and the pressure of gas was so strong for a time that it was feared that trouble might follow. However, after a number of hours, the pressure diminished and everything is again working smoothly. The presence of gas in large quantities, as was evidenced at the well today, is taken as an almost unmistakable sign that the well will before long be brought in as a fine producer.

Well No. 1 of the Nevada Petroleum Company on 20-21-25 is down to a depth of 3000 feet, a point at which it can be expected almost any hour a producer will be brought in. Operations at the well have been going along nicely, and all of the conditions attending the bringing in of other excellent producers in this vicinity have thus far been met with in putting down this well of the Nevada Company. The company is to install a rotary to be used in drilling well No. 2 and work will be started in this direction in the very near future.

Oil Land Invaders Are Promptly Ejected

BAKERSFIELD, June 21.—Land jammers have invaded section 5, 32-24, in North Midway. This property is held by the Honolulu Consolidated Oil Company, who leased the land from J. M. Dunn and Parker Barrett, the original locators. The jammers were ejected today. No bloodshed occurred, although it is asserted the forces of the jammers, said to have been led by L. C. Lyman of Goldfield, W. P. Winter, R. C. Moore and associates, came near a clash with the company's men. J. A. Pollard is head of the company forces and has so far held the fort.

The matter will be passed up to the courts. The land is in the withdrawal of a range of the North Midway and is being developed rapidly. There is a big water system on the property which has been put in by the Honolulu Consolidated. Captain William Matson, the San Francisco millionaire, heads the company. George E. Whitaker, attorney, at 3 Union tonight said that Pollard was in full possession of the land. It is stated he tonight that Wingfield and other Nevada mining men and a Los Angeles lawyer are behind Lyman. The locators' notices were signed by C. L. Lyman, Frank M. Lee, R. C. Moore, John J. Key, Thomas C. McClelland, M. McClelland, A. B. Walte and J. M. Black.

Prospectors Uncover Oil Flow Near Napa

NAPA, June 21.—A strong flow of oil has been discovered by oil prospectors in the Nevada Valley. The discovery was made by prospectors who noticed oil shale formations in one of the banks of the creek and ran a tunnel a short distance into the bank. A strong flow of oil was discovered and a barrel a day is being obtained. There is also a flow of gas and the find is believed of the greatest value. The oil is high grade.

Expert Declares the Present Enormous Output Is Good Thing for Industry.

NATION WANTS ASSURANCE OF CONSTANT SUPPLY

Problem of Future Is to Build Storage Facilities Enough.

LOS ANGELES, June 21.—Discussing the question as to whether the present enormous output of oil of California is good or bad for the oil industry Timothy Spellman, one of the most experienced and best-known operators in the State, declares in favor of them. He says:

"The gusher era will be found to have proved a wonderful thing for California's oil industry. All that the great nations of the world need is to be assured of a constant supply of oil, and they will adopt oil as a fuel. In the 'napian sea 150,000 barrels of oil a month are used on the steamers. With sufficient oil in storage every steamer on the Pacific ocean would use California crude as fuel."

FOR STEAMERS
"Were all our Pacific ocean steamers to use California oil they would consume at least 500,000 barrels of oil a month. One of the greatest difficulties in presenting in the United States navy department the advantages of oil as fuel has been the fact that no argument could be put forth which would assure the officials that enough oil could be had to keep the vessels going at all times of the year. As long as oil is the cheapest and most economically handled fuel it will be certain to command a market as against coal."

I remember years ago in the Ohio fields when the Cudahys bought oil at 60 cents a barrel and used it in preference to coal at \$1 a ton. The coal they used was coal shavings, but they found that although at that time oil was relatively more expensive than coal, yet it cost them less to use it, because it could be more cheaply handled.

STORAGE A QUESTION.
"The provisions for tremendous storage facilities for fuel oil is one of the great works that will occupy the oil men for the next year. If we had 50,000,000 barrels of oil in storage we would have an inducement to urge that all the great liners or the Pacific should adopt oil as fuel. And it is certain that under the conditions they would do so. The saving would be an economic certainty."

A New York paper recently said that if the liner Lusitania used oil as fuel instead of coal she would save \$20,000 on the round trip to Europe and back. Another feature of the production of the big gushers is that they have already created greater markets for oil. The contract of the independents with the Great Northern railroad will assure a market for 5000 barrels of oil a day.

A feature of the oil industry is that an increasing production of oil is invariably means an increasing market. This has been the history of the oil industry in California in the past and it will be inevitably found to be true in regard to the future, because oil is the cheapest fuel."

OIL NOTES

Balfour Guthrie, in possession of much territory in the Elk Horn region, resumed operations and is starting three rigs on section 9-31-24.

At a meeting of the directors of the Midway Five Oil Company following the session caused by the first strike of gas in the sands in well No. 1, it was resolved to put down to at least 1000 feet on the thirty-acre lease. Stakes have been set now for wells Nos. 3 and 4 and well No. 2 will soon be drilling.

The Midway Five Oil Company is pushing work on its property in the northwest quarter of section 2-11-21, and has a good force of men at work under the direction of Thomas C. Lyman and G. O'Connor. The second rig is being erected and a fine camp has just been finished on the company's property. Shrimp holes and reservoirs are being prepared in anticipation of an early production.

It is reported on good authority that Los Angeles capitalists have bonded an expedition to prospect in the vicinity of the Ballard well because of the favorable reports from the present oil well.

Extension of the oil fields outward from Marbury is shown by a new horizon four miles from that town. On sections 15 and 12, 11-25, Ripley & Barber have contracted to set up drilling outfits and go after the oil.

Madera Judge to Try The Fish Trust Case

SAN FRANCISCO, June 21.—Judge W. M. Conley of Madera arrived in San Francisco yesterday to sit in Judge Canby's court, where he will preside for three weeks while Judge Canby is on a vacation trip to the Yosemite. The principal case to come before the attention of Judge Conley will be the prosecution of the fish trust. This morning he will hear the argument on a demurrer to the indictments.

While Judge Sturtevant is away on a three weeks' trip to Honolulu his place will be occupied by Judge J. H. Baker of Mendocino county. Judge L. Mon of Marin county is trying cases in Judge Murasky's department.

Governor Takes Hand In Normal Scandal

SACRAMENTO, June 21.—Governor Gillett yesterday requested Superintendent Hyatt to summon before him today Miss Ada Clark of Zamara, her brother, Rev. George E. Whitaker, attorney, and others who have made complaint against Dr. C. C. Van Liew, president of the Chico normal school. Miss Clark, who was until a few days ago a student at the Chico normal, alleges that Van Liew, who is endeavoring to keep her and made endearing remarks while he was consulting him about her school work in his office.

Prohibition in Texas to Cause Hard Fight

DALLAS, Tex., June 21.—Through the office of State Secretary at Dallas, Chairman A. B. Storey, of the State Democratic executive committee has sent out the official call for the Democratic convention to be held at Galvesto, August 9. All state officials are to be nominated at this convention. The campaign is very bitter between the four gubernatorial candidates, prohibition being the principal question.

Grand Officers Named By Druids' Auxiliary

Oakland Woman Slated for High Position at San Jose Conclave of Order.

SAN JOSE, June 21.—The Grand Circle of the Ladies' Auxiliary of the Druids, this forenoon made the following nominations for officers:

Grand arch druidess, Mrs. Bortna Boez of Placerville; grand first bard, Mrs. S. Armstrong of San Francisco; grand second bard, Mrs. Carrie Jespersen of Oakland; grand secretary, Mrs. J. H. Wheeler and Mrs. Rose Peters, both of San Francisco; grand treasurer, Mrs. Eleanor Helman of San Francisco; grand chaplain, Mrs. H. Wolley of Colma; grand outside secretary, Miss Valenine and Mrs. R. Kenney, both of San Francisco; grand chaplain, Miss Eva Leary of San Francisco; grand outside secretary, Miss Marie Smith of Redwood and Mrs. Essie Albrecht of San Francisco; grand outside secretary, Mrs. Ida Vols, Mrs. Kate Gill, Mrs. Tager and Mrs. Glavin, all of San Francisco; grand auditor, Mrs. A. Bradshaw of Oakland; Mrs. Hannah McDonald of San Francisco and Mrs. Evelyn Stokes of Santa Barbara.

Blazing Gasoline Sears Workman

W. S. Smith, a motor repairman, employed at the plant of the Oakland Gas, Light and Heat Company, corner of First and Broadway streets, was yesterday burned on the hands, arms and right leg this afternoon in an unusual accident that almost caused his death.

While working at his bench Smith stepped on a prior match someone had carelessly dropped. The match exploded and a piece of it flew into a can of gasoline standing on the floor. Smith grabbed at the can to throw it away, but at that instant the burning vapors leaped up and enveloped him. Then he gave the can a vigorous kick and the burning gasoline ran up his leg.

Despite his terrible suffering Smith had sufficient presence of mind to throw himself on the floor and roll about until the flames were extinguished. Suffering intense agony, he was taken to the Receiving Hospital, where his painful burns were dressed by Stewart Platt.

Special Excursion to Yosemite Valley.

On July 7th a special train will leave Oakland Sixteenth street station at 7:30 a. m., arriving at Yosemite Valley 7:30 p. m., en route of the Chatauque Society, under the auspices of the Y. M. C. A. The round trip rate will be \$18.00, good for ninety days. For further information see Southern Pacific Company, Broadway and Thirteenth streets.

Three Men on Trial For Collins Murder

Women Witnesses Refuse to Testify for Defense Unless Paid Expenses.

BAKERSFIELD, June 21.—The trial of Edward T. Clifford, Frank McLaughlin and Harry Downs, who are charged with killing Patrick Collins, a Los Angeles aqueduct employee in a saloon in Mojave and placing the body on the Southern Pacific tracks to create the impression that a train had killed the man, began here today in the Superior Court. Several women, one from Los Angeles, summoned by the defense to prove an alibi for the prisoners refused to come unless their expenses were paid.

Indian Girl Is Shot, Prospector Accused

SAN BERNARDINO, June 21.—Armed deputies today are searching for Frank Burns, a cowboy and prospector who is alleged to have shot and seriously wounded a young Indian girl, a Plai Indian girl, with whom he was believed to have been in love.

The wounded girl was found in the desert near Indian Springs, where she had gone on a wood-gathering expedition. When she recovered consciousness she declared Burns had shot her because he was jealous of a buck who recently came to the springs from Nevada. Her condition is serious.

Burns' friends refuse to believe that he shot her.

No Trace Is Found Of Evor F. Morgan

Despite the efforts of the detectives' forces of both Oakland and San Francisco and the police departments throughout the State no clues have as yet been found which bear in any way on the whereabouts of Evor F. Morgan, the real estate broker, who disappeared from his home, 1333 Grant street, Berkeley, more than a week ago.

Inquiry at the Contra Costa Land Company's office at Fourteenth street and Broadway, where Morgan was employed as a salesman at the time of his strange disappearance, has failed to reveal that he was an exceptionally clever one and that he was not addicted to the use of either tobacco or liquor, the latter being unusually offensive to him.

Polaire Never Looks At Man, 'No, Nevaire'

NEW YORK—A wide smile of delight and a large straight nose that projects itself emphatically forward. These green eyes under long dark lashes mop of short brown hair clinging to her ears a neck unusually long feet usually big a vast unattractive smile—that's Mademoiselle Polaire the French actress headlined as the ugliest woman in the world. Maybe she is ugly, but not so much as she looks. She would turn from doll-like prettiness to a second time.

Perhaps that is because of another item.

Polaire's makeup, something she calls her nerves, but which no observers would transmute to temperance.

They are the strongest part of me—my nerves, far stronger than my body. She said in her rapid French as before the mirror in her little dressing room back of the stage at the Hammerstein Theatre. She shook out her hair and prepared to wash the makeup off her face.

Always since I was a child I have been the same—my nerves were strong. I was a child when I was a child. I was a child when I was a child. I was a child when I was a child.

As she behatted she rubbed off her makeup with rapid touches and then wetting her hair curled it over her fingers. Occasionally her maid hovering around her got a chance to step a few hooks or tie a string but the energetic Polaire went ahead like a woman who knows how to take care of herself.

Who is your favorite actress? she was asked.

Madame, she laughed, dropping a towel to point at the place where her feet lay. I find no actress who feels as I do. I find no actress who feels as I do. I find no actress who feels as I do.

Madame, she laughed, dropping a towel to point at the place where her feet lay. I find no actress who feels as I do. I find no actress who feels as I do. I find no actress who feels as I do.

Madame, she laughed, dropping a towel to point at the place where her feet lay. I find no actress who feels as I do. I find no actress who feels as I do. I find no actress who feels as I do.

Madame, she laughed, dropping a towel to point at the place where her feet lay. I find no actress who feels as I do. I find no actress who feels as I do. I find no actress who feels as I do.

Madame, she laughed, dropping a towel to point at the place where her feet lay. I find no actress who feels as I do. I find no actress who feels as I do. I find no actress who feels as I do.

SUICIDE REVEALS YOUTH'S ROMANCE

"Only a Wretched Youth," Consul Bouilly Said of Buisson.

NEW YORK, June 21.—That there was a romance in the life of the young man who committed suicide, is the story of a letter from the consul of Belgium in New York.

The young man, named Buisson, was a student at the University of Brussels.

The consul has received a letter from Buisson's mother, who has written that her son was a very good student.

The consul has also received a letter from Buisson's father, who has written that his son was a very good student.
